B. B. DUTT,

Controller of Examinations.

Bethune College.

Calcutta, the 13th April 1936.

Applications (for admission into the college as well as the hostels) in prescribed forms which can be had at the office on application with 3 annas enclosed stamps, will be received as soon as the University Examination results are published and admission of selected candidates will begin immediately after.

A commodious hostel practically within the college compound has been started under the direct supervision of the Director of Public Instruction, Bengal, and the Principal, Bethune College.

TATINI DAS,
Principal, Bethune College.

Department of Industries, Bengal.

Serampore, the 4th May 1936.

Government Weaving Institute, Serampore (Hooghly).

Minister-in-charge: The Hon'ble Nawab Sir Mohiuddin Faroqui, Kt., of Ratanpur.

The 1936-37 session of the higher classes of the Institute will commence in the 3rd week of July 1936. Applications in prescribed form from *bona fide* natives or permanent residents of the province, who must have passed the School Final Examination, Science Side, or the University Matriculation Examination or have been trained in one of the Technical Schools affiliated to the Overseer Examination Board up to the Sub-Overseer standard and are prepared to give a written undertaking that they intend to make weaving their profession after the completion of their training, will be received by the undersigned up to 30th June 1936 for admission into the 1st year higher class accompanied by a registration fee of Rs. 2. No application will be considered if the registration fee for it is not received on or before this date.

The applicants must furnish the following particulars:—

(1) Applicant's name and full home address.

(2) Race and religion.

(3) Educational qualifications—

(*a*) School or College last attended and date of leaving.

(*b*) University Examinations passed and from which School or College.

(*c*) The year and the division in which the University Examinations were passed.

(4) Special qualifications, if any, particularly in drawing and design work.

(5) Father or guardiar's name and permanent address.

(6) Occupation of father or guardian and his place of business.

(7) Applicant's present age and an attested certificate of his age.

(8) A medical certificate of physical fitness from a registered medical practitioner, which should state his exact height.

(9) A certificate of good moral character from the Principal or Head Master of the College or School last attended.

(10) The applicant should state—

(*a*) Whether he will reside in the hostel attached to the Institute.

(*b*) Whether he will live outside under the care of a responsible local guardian and if so, the name and address of the guardian.

The application must be signed by the father or guardian of the applicant certifying that the particulars given by the candidate are true to his knowledge and that he agrees to the arrangement stated at 10 (*a*) or (*b*).

Instruction is given in the theory and practice of Cotton Spinning, Weaving, Dyeing, Calico-printing and Drawing.

No tuition fee is charged, but the students have to pay a caution money deposit of Rs. 10 against damage, loss or breakage of Government property.

Six scholarships of Rs. 15 each per month will be awarded to the newly admitted students of the 1st year class on the results of a special examination in Dictation, Essay-writing and Arithmetic held shortly after the commencement of the session. Five scholarships of Rs. 15 each a month will be awarded to the students of the 2nd year class and four scholarships to the students of the 3rd year class on the results of the annual examination of the 1st and 2nd year classes respectively of the previous year. Of these two scholarships in the 1st year class, one in the 2nd year and one in the 3rd year will be reserved for Muhammadans.

These scholarships are intended for Bengalee students or students domiciled in Bengal, and they will not be awarded to those holding district board or other stipends. Should, however, there be an insufficient number of qualified candidates to fill the scholarships reserved for any particular denomination or creed, the vacant scholarships may be awarded to deserving candidates from other sects.

Students to whom scholarships have been awarded will not ordinarily be allowed to hold their scholarships for the succeeding years if they fail to pass the annual examinations.

Students who pass the examination at the end of the 3rd year's course will receive a diploma entitled "Associate of the Government Weaving Institute, Serampore" and signed by the Principal of the Institute and the Director of Industries, Bengal, or his representative. Further particulars may be obtained from the undersigned on applying with a one anna postage stamp.

Bengal Act XIII of 1936.

THE BENGAL WATER HYACINTH ACT, 1936.

[Published in the *Calcutta Gazette* of the 28th May, 1936.]

An Act to provide for the destruction of water hyacinth in Bengal.

WHEREAS it is expedient to make better provision for preventing the spread of water hyacinth in Bengal and for its destruction ;

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act ; 5 & 6 Geo. V, c. 61 ; 6 & 7 Geo. V, c. 37 ; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Bengal Water Hyacinth Act, 1936.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force on such date as the Local Government may, by notification, appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) " Authorised Officer " includes the Collector and any person authorised by the Collector to exercise the functions of an Authorised Officer under sections 7, 8 and 9 ;

(*2*) " Collector " includes any person appointed by the Local Government to exercise all or any of the functions of a Collector under this Act ;

(*3*) " Court " means a principal Civil Court of original jurisdiction unless the Local Government has appointed (as it is hereby empowered to do) a special judicial officer within any specified local limits to perform the functions of the Court under this Act ;

(*4*) " notification " means a notification published in the *Calcutta Gazette* ;

(*5*) " notified area " means an area specified in a notification issued under section 7 ;

(*6*) " occupier " means the person in actual occupation of any land, premises or water or, if there is no one in actual occupation, the person having the right of occupation of the land, premises or water or his authorised agent ; and includes a local authority, a railway administration and a company in actual occupation or having such right of occupation ;

(*7*) " prescribed " means prescribed by rules made under this Act ; and

(*8*) " water hyacinth " means the plant botanically known as *Eichhornia crassipes*—Solms and includes the seed and any part of the plant.

Prohibition of bringing water hyacinth into Bengal.

3. No person shall, himself or by any other person on his behalf, bring water hyacinth into Bengal.

Prohibition of sale, etc., of water hyacinth.

4. No person shall, directly or indirectly himself or by any other person on his behalf, sell, expose for sale or keep for sale water hyacinth.

Prohibition of growing or cultivation of water hyacinth.

5. No person shall grow or cultivate water hyacinth in any garden or in any ornamental water or receptacle.

The Bengal Water Hyacinth Act, 1936.

(Sections 6—9.)

Prohibition of removing water hyacinth from one place to another.

6. No person shall, himself or by any other person on his behalf, remove any water hyacinth—

(*a*) to any land, premises or water in his occupation except with a view to its being destroyed, or

(*b*) to any land, premises or water in the occupation of another person except for the purpose aforesaid and with the consent of such other person, or

(*c*) to any land, premises or water in the occupation of Government except for the purpose aforesaid and with the consent of the Collector.

Explanation.—The expression "remove water hyacinth" includes the causing of it to float by water from one place to another.

Power to Local Government to prohibit occupiers from allowing water hyacinth to exist within certain local area.

7. (*1*) The Local Government may, by a notification, direct that within such local area and after such period as may be specified in the notification, no occupier shall allow water hyacinth to exist on any land, premises or water in his occupation.

(*2*) The substance of such notification shall be published in the notified area in such manner as may be prescribed.

(*3*) After the issue of a notification under sub-section (*1*) every occupier in the notified area shall cause any water hyacinth that may, from time to time, be present on any land, premises or water in his occupation to be removed or destroyed.

(*4*) If any occupier in a notified area fails to comply with the provisions of this section in respect of any land, premises or water in his occupation, any Authorised Officer may, together with such persons as he may consider necessary for the purpose, enter on such land, premises or water and take such measures as are in his opinion necessary for removing or destroying the water hyacinth.

Cutting of branches of trees or shrubs to facilitate discovery or destruction of water hyacinth.

8. (*1*) With a view to facilitating the discovery or destruction of water hyacinth, an Authorised Officer may, subject to any rules made under this Act, by a notice served in the prescribed manner, direct an occupier of any land, premises or water within a notified area to cause—

(*a*) any branches of trees or shrubs on any such land or premises which overhang the edge of any river, stream, waterway, ditch, marsh, *bil*, lake, tank, pond, pool or pit to be cut back and any undergrowth or jungle thereon to be removed from such edge, within a distance specified in the notice, or

(*b*) any vegetation appearing above the surface of any such water to be removed from the water,

within such period as may be specified in the notice.

(*2*) If such occupier fails to comply with a notice under sub-section (*1*), any Authorised Officer may, together with such persons as he may consider necessary for the purpose, enter on such land, premises or water and cause the branches of such trees or shrubs to be so cut back and such undergrowth or jungle or such vegetation to be removed.

Power to Authorised Officer to enter on land, etc., in certain circumstances.

9. An Authorised Officer may at any time, together with such persons as he may consider necessary for the purpose, enter on any land, premises or water in a notified area and take such action as may be necessary in order to ascertain—

(*a*) whether any water hyacinth is present, and

(*b*) whether the measures prescribed for the removal or destruction of water hyacinth or any directions

The Bengal Water Hyacinth Act, 1936.

(*Sections 10—16.*)

issued on the occupier under sub-section (*1*) of section 8 have been carried out.

Restriction on entry by Authorised Officer.

10. An Authorised Officer shall not enter under sub-section (*4*) of section 7 or sub-section (*2*) of section 8 or under section 9 into any dwelling house or any enclosed courtyard or garden attached to a dwelling house (except with the consent of the occupier thereof) without previously giving such occupier twenty-four hours' notice in writing of his intention to do so.

Recovery of costs for works done by Authorised Officer.

11. Any costs incurred by the Authorised Officer for carrying out any measures under sub-section (*4*) of section 7 or sub-section (*2*) of section 8 shall be recoverable from the occupier as a public demand payable to the Collector.

Power to Collector to take possession of land or water for recovery of costs.

12. If the Collector fails to recover, or considers it inadvisable to recover, any costs under section 11 he may, subject to any rules made under this Act, in his discretion, enter on and take possession of any land or water in respect of which the costs are due after giving notice to the occupier and retain possession thereof and turn the same to profitable account until the said costs together with interest thereon at such rate, not exceeding six and a quarter *per cent. per annum* as the Local Government may prescribe, have been realized from the profits or paid by the occupier.

Construction of fences, barriers, etc.

13. (*1*) Subject to any rules made under this Act, the Collector may permit or cause fences, barriers or storage pounds to be constructed in or along the edge of any river, stream, waterway, lake, tank, marsh or *bil* whether public or private within a notified area, and booms or floating barriers to be placed or maintained therein, for the purpose of checking or diverting the movement of water hyacinth.

(*2*) No person shall remove or damage any fences, barriers, storage pounds, booms and floating barriers constructed, placed or maintained under sub-section (*1*).

Repair of *ails*.

14. Subject to any rules made under this Act, the Collector may by a general notice published in the prescribed manner direct that within the whole or a specified part of a notified area all occupiers of fields within one hundred feet of any river, stream, waterway, ditch, marsh, *bil*, lake, tank, pond, pool or pit shall by a date specified in the notice repair the small embankments commonly known as *ails* surrounding such fields.

Growing of hedges of *dhaincha* or other plants against the ingress of water hyacinth.

15. If, in the opinion of the Collector, it is necessary for the protection of any area against the ingress of water hyacinth that hedges of *dhaincha* (*Sesbania aculeata*—Pers) or of any other plant that may be prescribed should be grown on any land in a notified area, he shall prepare a scheme giving particulars of the proposed alignment of such hedges and the boundaries of the area to be protected, and after publishing the scheme in such manner as may be prescribed and considering any objections submitted thereto may by a written notice served in such manner as may be prescribed direct any occupier of such land to grow thereon a hedge of such description by such date and for such period as may be specified in the notice.

Power to Collector to use land for destruction of water hyacinth.

16. (*1*) If, in the opinion of the Collector, it is necessary to use any waste or arable land in a notified area for the destruction thereon of water hyacinth removed from any water in the same or another notified area he may, subject to any rules made under this Act and after service of a notice in the prescribed manner on the occupier of such land specifying in the notice the purpose, and the term not exceeding

The Bengal Water Hyacinth Act, 1936.

(Sections 17—23.)

six months, for which the land is needed, enter upon and take possession of the land and use it or permit it to be used for the said purpose.

(*2*) If any material damage or injury is caused thereby to the occupier of such land, the Collector shall pay to him such compensation as shall be agreed upon in writing between the Collector and such occupier :

Provided that in assessing such compensation the manurial value of the water hyacinth destroyed thereon shall be taken into account.

(*3*) If the Collector and the occupier differ as to the sufficiency of the compensation or if the Collector and two or more claimants for compensation differ as to the apportionment thereof, the Collector shall refer the matter to the decision of the Court.

(*4*) On the expiry of the term referred to in sub-section (*1*) the Collector shall restore such land to the occupier after causing to be destroyed all water hyacinth that may have been removed thereto.

Keeping of water hyacinth for the purpose of destruction.

17. Notwithstanding anything contained elsewhere in this Act, any occupier in a notified area may keep on any land or in any water in his occupation water hyacinth for destruction.

Sale, etc., of water hyacinth in certain circumstances.

18. Notwithstanding anything contained elsewhere in this Act, any person or class of persons authorised by the Local Government in this behalf may, subject to rules made under this Act, sell, remove or keep water hyacinth for a prescribed purpose.

Method of removal or destruction of water hyacinth.

19. When water hyacinth is to be removed or destroyed under the provisions of this Act, such removal or destruction shall be in the prescribed manner.

Prosecutions.

20. No prosecution under this Act shall be commenced without the previous sanction of the Collector or after three months from the date of the alleged offence.

Authorised Officers to be deemed public servants.

21. An Authorised Officer shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code. Act XLV of 1860.

Indemnity.

22. No suit, prosecution or other legal proceedings shall lie against the Collector or any Authorised Officer or persons accompanying an Authorised Officer for anything which is in good faith done or intended to be done under this Act or any rule made thereunder.

Power of Local Government to make rules.

23. (*1*) The Local Government may make rules for carrying out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power the Local Government may make rules to provide for all or any of the following matters, namely :—

(*a*) the manner of publication of the substance of a notification under sub-section (*2*) of section 7, of a general notice under section 14 and of a scheme under section 15 ;

(*b*) the exercise of power by an Authorised Officer under sub-section (*1*) of section 8 ;

(*c*) the manner of service of a notice under sub-section (*1*) of section 8, section 15 or sub-section (*1*) of section 16 ;

The Bengal Water Hyacinth Act, 1936.

(*Section 24.*)

(*d*) the exercise of powers by the Collector under section 12, 13, 14 or 16;

(*e*) the rate of interest payable under section 12;

(*f*) the plants for growing hedges to prevent ingress of water hyacinth under section 15;

(*g*) the purposes for which, and the conditions subject to which, water hyacinth may be sold, removed or kept under section 18; and

(*h*) the manner of removal and destruction of water hyacinth under section 19.

(*3*) In making any rule under this section the Local Government may provide that a breach of it shall be punishable with fine which may extend to fifty rupees and where the breach is a continuing one, with a further fine which may extend to five rupees for every day after the first during which the breach continues.

Penalties.

24. Whoever contravenes any of the provisions of this Act mentioned in the first column of the following table shall, on conviction, be liable to a fine not exceeding one hundred rupees or in default to imprisonment not exceeding one month, and upon a second or subsequent conviction to a fine not exceeding two hundred rupees or in default to imprisonment not exceeding two months.

Explanation.—The entries in the second column of the following table headed "subject" are not intended as definitions of the offences described in the provisions mentioned in the first column, or even as abstracts of those provisions, but are inserted merely as references to the subject thereof:—

Resolution on the Annual Report of the Department of Agriculture, Bengal, for the year 1934-35.

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Agriculture.

DARJEELING, THE 19TH MAY 1936.

RESOLUTION—No. 215 T.A.I.

Minister-in-charge: The Hon'ble Nawab Sir Mohiuddin Faroqui, Kt., of Ratanpur.

Read—

The Annual Report of the Department of Agriculture, Bengal, for the year 1934-35.

Administration.—Mr. K. McLean was in charge of the department during the year.

Mr. M. Carbery, Agricultural Chemist, Bengal, went on leave in October 1934 and was succeeded by Babu Gosta Behari Pal, Assistant Agricultural Chemist. In April 1934, Mr. F. Smith, Deputy Director of Agriculture, Eastern Circle, went on leave preparatory to retirement and Rai Sahib J. K. Biswas took over charge of his office.

Messrs. J. N. Sarkar, Deputy Director of Agriculture, Western Circle, A. R. Malik, Deputy Director of Agriculture, Northern Circle, and D. Dutt, Second Economic Botanist, were confirmed in the Bengal Higher Agricultural Service during the year.

In the latter part of the year Mr. A. R. Malik, Deputy Director of Agriculture, Northern Circle, was appointed to be the Senior Marketing Officer in connection with the scheme for the marketing of agricultural produce.

General.—Although the season was on the whole satisfactory for the winter and *rabi* crops and fair for the autumn crops in North and East Bengal, the conditions in parts of West Bengal where the rainfall was insufficient were far from satisfactory. The districts of Burdwan, Birbhum, Bankura, Hooghly and Murshidabad as well as Rajshahi suffered most from drought. Parts of Rajshahi and Murshidabad districts were also affected by floods, while heavy rainfall in the hills of Assam was responsible for the overflooding of the Meghna river system, which caused loss to the standing crops in Eastern Mymensingh and in the Brahmanbaria subdivision of the Tippera district.

During the year a great impetus was given to the propaganda for the restriction of the area under cultivation of jute—the methods employed in the preceding years were considerably improved and intensified and a special officer was appointed for the organisation of propaganda with the assistance of local officials and non-officials. The services of the officers of the department were largely utilised for encouraging the cultivators to grow alternative crops in place of jute and for distributing seed; and a fair measure of success was achieved. The East India Jute Association, Limited, and the Calcutta Hessian Exchange, Limited, contributed Rs. 2,500 and Rs. 2,000, respectively, for the purchase and distribution of seed of alternative crops. District boards also provided funds in this direction, the Rangpur district board in particular contributing Rs. 10,000. The department was responsible for the supply and distribution of the seed in all these cases in addition to the free distribution of a large quantity of sugarcane cuttings sanctioned by Government.

Research and experiment.—In recent years there has been a remarkable expansion in the activities of the research section with funds provided by the Imperial Council of Agricultural Research. Noteworthy among the schemes is that for the improvement of marketing of agricultural produce, the importance of which cannot be over-estimated. Nine other schemes of research were financed by the Council during the year of which three were undertaken at the Universities of Calcutta and Dacca.

With grants from the Indian Central Cotton Committee, two schemes of research on cotton—one for investigation of the possibilities of improving Comilla cotton and the other for investigation into the village consumption of cotton in Bengal—were worked during the year.

The value of sugarcane as a substitute crop for jute is recognised by the cultivators and there is a growing demand for cane by the sugar factories. To secure the cultivation of the departmental types of canes over one crore cuttings were distributed. The demand for departmental types of tobacco increased while the cultivation of *Bidi* types is extending. *Bidi* tobaccos which are now imported from other provinces fetch a good price ranging between Rs. 30 and Rs. 50 per maund. The types grown and cured in this province are approved by manufacturers and there are prospects of extension of the crop. Interesting experiments on flax were conducted with a view to arriving at a process of extraction suitable for local conditions. The Imperial Council of Agricultural Research has been approached for a small grant to enable the work to be carried on a more extensive scale. There has been a heavy demand for groundnut seed, the crop being taken up as an alternative to jute. Some heavy crops have been obtained, 30 maunds and over per acre being a common return. Akola No. 10 has proved a very popular type and a heavy yielder.

Animal husbandry.—Considerable progress was made during the year in the improvement of live-stock in the districts of Malda, Rajshahi, Nadia and Hooghly where live-stock officers were posted—one officer for two districts. The appointment of three extra live-stock officers has been sanctioned by Government.

Fourteen bulls were maintained at the district farms against 15 of the previous year. These bulls covered 1,088 cows against 1,229 for the preceding year. Twenty young bulls were distributed free from the surplus stock of the Dacca Farm. The premium scheme still continues. It has, however, been decided to reduce the amount of premium for each individual premium holder from Rs. 10 to Rs. 5, thus allowing an increased number of owners of bulls to receive the premium and their bulls to come under departmental supervision. The bulls under the premium system covered 2,733 cows against 2,333 cows last year.

In the Animal Nutrition Section results of economic importance have been obtained. It has been found that paddy straw alone is not a maintenance ration and that cattle fed continuously on this alone must eventually die. The addition to the diet of even a small quantity of protein in the shape of linseed cake balances the ration and life is maintained. Another point of interest is that *aus* paddy straw has been found to be of a much higher value than *aman* paddy straw as cattle fodder. Experiments at Dacca have shown that *aus* paddy straw makes excellent silage.

Satisfactory results have been obtained in the Poultry Section at the Dacca Farm towards the improvement of stock both by selection of the pure-bred races of imported Rhode Island Red and the local Chittagong, and by crossing the two breeds. The average number of eggs laid by the Rhode Island Reds has been increased from 50 to 132 per annum, the Chittagongs from 60 to 95, whilst the average of the 5th cross between the two breeds is 125 eggs per annum. The cross bred is a good table bird and an active forager and the average weight of eggs is 2 ozs.

Demonstration and propaganda.—In spite of the limitations imposed by the lack of funds useful work continued to be done on the demonstration and propaganda side by means of numerous lantern lectures in *hats*, exhibitions and fairs and through the medium of wireless talks on agriculture given by departmental officers in Calcutta. The departmental officers also participated in and delivered lectures on agriculture at many of the cinema shows organised by the Government Publicity Department. Besides, a large number of leaflets containing departmental recommendations were issued to the public.

Both the Government and private farms have functioned successfully in their respective spheres as centres of experiment, demonstration and seed multiplication and as centres for the multiplication of departmental seeds and for the demonstration of departmental types and improved methods. Noteworthy progress was made during the year in the introduction of departmental varieties of paddy, jute, tobacco and sugarcane which it is estimated were grown on 598,050, 1,090,257, 7,384 and 130,838 acres, respectively. The quantities of improved varieties of seeds and cuttings distributed during the year were paddy 5,699 mds.; jute 132 mds., sugarcane cuttings 11,878,381 and tobacco seeds 3,754 tolas.

Agricultural Education.—During the year under report fifty-four schools participated in the scheme for instruction in agriculture in High English and Middle English Schools. Government aid had to be withdrawn from three schools, leaving fifty-one schools in number of which twenty-five were High English and twenty-six Middle English Schools. Three thousand and eighty-four students received instruction both in theory and practice, the area under cultivation being 216 acres. The training of *Bhadralok* youths in practical agriculture and in the principles of co-operation at the Faridpur Farm with the object of settlement with them of char land in the district was continued.

Agricultural Engineering.—The Agricultural Engineer continued his work on designing and production of improved machinery. The demonstration sugar factory at Rajshahi worked for the second year and had to be closed down early owing to shortage of supply of sugarcane. A number of *Bhadralok* youths who received instruction in sugar manufacture in the factory have obtained employment in small factories.

Sericulture.—During the year under report the strength of the Sericultural Section was further reduced by 12 posts as a measure of retrenchment.

Owing to general trade depression there has been a further fall in the price of silk. The slump is likely to continue until the economic condition of the people improves.

The work of rearing the indigenous breeds by careful selection in successive generations was continued, special attention being paid to the adaptability of the different stock strains to local conditions. The experiments with foreign univoltines were also continued at Kurseong.

Successful results have generally been obtained by replacing bush mulberry by tree mulberry excepting at Vishnupur, where the dwarf tree and bush plantations have been found to be more satisfactory. Considerable damage was done to the plantations at Malda and Murshidabad by floods, which also prevented the further extension of tree mulberry cultivation.

As a result of propaganda *Eri* rearing is being extended in the Bogra district. The total number of improved rearing houses in Malda was 2,443 of which 60 were improved by the demonstration staff during the year under report. A large number of cases of outbreak of epidemic diseases were checked by preventive measures.

Acknowledgment.—Government in the Ministry of Agriculture are pleased to acknowledge the work done by Mr. McLean; the names of the departmental officers mentioned in the report have also been noted. The thanks of Government are due to Professor P. C. Mahalanobis of the Indian Educational Service for the valuable assistance rendered by him in regard to the statistical examination of experimental data; to the numerous officials and non-officials who helped the department in various ways; and to the members of the Provincial Agricultural Research Committee and other Committees and Boards attached to the Department for the services rendered by them.

By order of the Govt. of Bengal

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 20th May 1936.

Summary.—Excepting heavy showers in places the rainfall was generally light to moderate. More rain is needed in parts of West and North Bengal for the cultivation of autumn crops; weeding is in progress. Prospects of standing crops are generally fair. During the week ending Saturday, the 16th May, 43,722 persons attended the test relief works and 2,436 persons received gratuitous relief in the distressed areas of Murshidabad. In Nadia, Burdwan and Birbhum 42, 8,740 and 11,321 persons, respectively, were employed on test relief works on Saturday, the 16th May. In Nadia and Burdwan 67 and 563 persons also received gratuitous relief. In 24-Parganas, Khulna and Hooghly, 52,388, 25,843 and 22,248 labourers, repectively, were engaged on test relief works during the week ending Saturday, the 16th idem. The average price of common rice for the province has risen by about 1·14 per cent. as compared with that of the previous week.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Howrah.—No. 4616M.—23rd May 1936.—The following draft of by-laws, which has been framed by the Commissioners of the Bally Municipality, in the district of Howrah, under section 434 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st September 1936, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

By-laws under section 434 for regulation of dairy and milk-supply.

1. *Registration of dairymen and dairies.*- The Municipal Commissioners may require by public notice the registration of all dairymen or persons selling milk and of all dairies within the municipality, within such period as may be fixed by them; whereupon no person shall keep any dairy within the area admistered by the Commissioners, unless it has been registered, or carry on the business or trade of cow-keeper, dairymen or purvevor of milk, unless he is registered as such therein:

Provided that a person who sells milk of his own cows or buffaloes in small quantities to his workmen or to his neighbours for their convenience need not be so registered.

Note.—In these by-laws the term cow-keeper includes a keeper of buffaloes.

2. No diary or milk shop shall be registered until the premises in which such trade is carried on have been inspected by the Health Officer or Sanitary Inspector or any competent officer appointed by the Commissioners for the purpose and until the Commissioners are satisfied with the arrangements for lighting, ventilation, drainage, conservancy, water-supply and general sanitary condition of such premises.

3. *Inspection.* All dairies within a municipality shall be open to inspection at all times by the Commissioners or by the Health Officer, Sanitary Inspector or a person or persons authorised in this behalf at all hours of the day and night.

4. *Contamination of milk.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall—

(*a*) allow any person residing or employed in or about the premises, suffering from a dangerous or infectious disease or having recently been in contact with a person so suffering, to milk cattle or to handle vessels used for holding or keeping milk or in any way to take part or assist in the conduct of the trade or business of the cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop, so far as regards the production, distribution or storage of milk, or

(*b*) if himself so suffering, or having recently been in contact with a person so suffering, milk cattel or handle vessels used for containing milk or in any way take part in the conduct of his trade or business so far as regards the production, distribution or storage of milk, until in each case all dangers therefrom of the communication of infection to the milk or of its contamination has ceased.

5. The cow-keeper or dairyman or purveyor of milk shall, when so required by the Commissioners, the Health Officer, Sanitary Inspector or any other person authorised in this behalf, furnish the names and addresses of his customers and the sources of supply of milk to his establishment.

6. *Existence of disease among cattle.*—If at any time cattle plague, pleuro-pneumonia, foot and mouth disease, anthrax, tuberculosis or any disease of the udder exist among the cattle in a diary or cattle-shed, the dairyman or cow-keeper shall forthwith report such occurrence to the Commissioners and shall not—

(*a*) mix the milk of the disease cattle therein with other milk,

(*b*) use or sell such milk for human consumption;

(*c*) use or sell such milk for consumption by any animal unless and until it has been boiled.

7. *Storage, conveyance and distribution of milk.*—No receptacle which is incapable of being readily cleansed, shall be used for the storage or conveyance of milk.

8. Every receptacle used for the storage or conveyance of milk shall be—

(*i*) marked with the name and address of the owner;

(*ii*) provided with a lid without openings and so constructed and fitted as to prevent the access of dirt, dust, water, or of milk which has been splashed above the lid.

9. No such receptacle shall be opened during transit, except for the purpose of checking and sampling the milk.

10. Where milk is delivered in bottles, such bottles must be filled and closed on registered premises, and not thereafter tampered with before delivery to the consumer.

11. Every person engaged in the conveyance or distribution of milk shall take all practicable precautions to prevent the milk from being contaminated.

12. Vehicles used for the conveyance of milk shall be kept clean and no live animal shall be conveyed or carried at the same time as the milk.

13. *Ventilation and lighting.*—Every cattle-shed and every building used for keeping or storing milk (other than a cold store) shall be provided with a sufficient area of windows or external openings communicating directly with the external air in order to secure adequate lighting and ventilation.

14. *Lighting.*—Places in which milking is carried on after dark shall be provided with adequate artificial lighting.

15. *Air-space.*—No cow-keeper or dairyman shall allow any shed to be occupied by a larger number of animals than will leave not less than eight hundred feet of air-space for each cow or buffalo, provided as follows:—

(*a*) in calculating the air-space for the purpose of this by-law, no space shall be reckoned which is more than 16 feet above the floor; but if the roof or ceiling is inclined, then the mean height of the same above the floor may be taken as the height thereof for the purposes of this by-law;

(*b*) any cattle-shed constructed and used before the date of the enforcement of this by-law shall be exempted from its operation until two years after that date.

16. *Receptacles for water.*—All receptacles for the storage or conveyance of water shall be kept clean. A dairyman or cow-keeper shall ensure that the drinking water for cows is protected from contamination.

17. *Water-supply.* Every person in charge of a dairy shall cause it to be provided with an adequate supply of good and wholesome water for cleansing such dairy or any vessel that may be used therein for containing milk, and for all other reasonable and necessary purposes in connection with the use thereof.

18. *Cleanliness of cattle-shed.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall use or permit to be used any milk store or milk shop in his occupation as a sleeping apartment or for any purpose incompatible with the cleanliness of the milk shop or milk store and of the milk vessels and the milk therein or in any manner likely to cause contamination of milk therein.

19. No cow-keeper or dairyman or purveyor of milk shall keep swine or poultry in any cattle-shed or other building used by him for keeping cows or in any milk store or other place used by him for keeping milk for sale.

20. Every cow-keeper and dairyman shall cause every part of the interior of every cattle-shed or dairy in his occupation to be thoroughly cleansed from time to time and as often as may be necessary to secure that such places shall be at all times reasonably clean.

21. Every cow-keeper and dairyman shall cause the ceilings and the walls of the cattle-shed or dairy in his occupation to be properly lime-washed at least twice every year and at such other times as may be necessary:

Provided that this requirement shall not apply to such ceilings and walls for which lime-washing is unsuitable.

22. Every cow-keeper and dairyman shall cause the floor of every such cow-shed or dairy to be thoroughly washed, and all dung and offensive matter accumulating inside such shed or dairy to be swept and removed as often as may be necessary but not less than twice every day.

23. *Cleanliness of milk shop and milk store.*— Every occupier of a milk store or shop shall cause every part of the interior to be thoroughly cleansed from time to time and as often as may be necessary to maintain it in a thorough state of cleanliness.

24. *Health and inspection of milch animals in dairies.*—The Commissioners shall cause to be made such inspections of dairy cattle as may be necessary.

25. *Cleanliness of milk vessels.*—Every cow-keeper or dairyman shall from time to time and as often as may be necessary cause every milk vessel that may be used by him for the sale, conveyance or storage of milk to be thoroughly cleansed with steam or clean boiling water and shall otherwise take all proper precautions for the maintenance of such milk vessel in a constant state of cleanliness.

On every occasion when any such vessel shall have been used to contain milk or shall have been returned to him after having been out of his possession, he shall cause such vessel to be forthwith so cleansed.

26. *Protection of milk against infection or contamination.*—Every purveyor, seller or retailer of milk shall take all reasonable and proper precaution in connection with the storage and distribution of milk and otherwise to prevent exposure of milk to any infection or contamination.

27. No purveyor, seller or retailer of milk shall deposit or keep any milk intended for sale –

(*a*) in any room or place where it would be liable to become infected or contaminated by impure air or by any offensive, noxious or deleterious gas or substance or by any noxious or injurious emanation, exhalation or or effluvium;

(*b*) in any room used as a kitchen or living room;

(*c*) in any room or building or part of a building communicating directly by door, window or otherwise with any room used as a sleeping room or with a water-closet, earth-closet, privy, cesspool or receptacle for ashes or with a room in which there may be any person suffering from an infectious or dangerous disease or which may have been used by any person suffering from any such disease and may not have been properly disinfected; or

(*d*) in any room or building or part of a building in which there is any untrapped inlet to any drain.

28. No cow-keeper or dairyman shall allow any milch cattle belonging to him or under his care or control to be milked for the purpose of obtaining milk for sale unless at the time of milking—

(*a*) the udder and teats of such cow are thoroughly clean; and

(*b*) the hands of the person milking such animals also are thoroughly clean and free from all infection and contamination.

29. All dirt shall be removed from the flanks of the cattle before milking is begun, and every person engaged in milking shall keep his body and clothing clean.

30. The floor of every milk store or milk shop shall be rendered impervious and sloping to a channel, so constructed as to prevent any liquid matter from accumulating; and to lead it directly to a drain outside the building.

31. The owner of a milk store or shop shall cleanse as often as necessary all fittings, floors and furniture.

32. No dairyman or seller of milk shall sell infected or contaminated milk, or milk suspected to be infected or contaminated.

33. No cow-keeper or dairyman shall keep in the shed in which the cattle are milked any animal the milk from which there is reason to believe has conveyed or is likely to convey any infectious disease.

34. It shall be lawful for the Commissioners to close, for such period as they may think fit, a dairy from which infected or contaminated milk is supplied for sale.

35. *Penalty.*—The penalty for the breach of any of the by-laws 3 to 22 and 25 to 33 shall be a fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine not exceeding five rupees for every day after the date of first conviction during which the offender persists in the offence.

ADDENDA AND CORRIGENDA.

No. 4544F.—1st June 1936.—The following corrections which have been authorised are published for general information :—

Bengal Financial Rules, 1st edition (Reprint), 1930.

Pages 131-132—T. O. 16, S. R. 35, clause (n).—Insert the following as clause (*n*) :—

When it is desired that either the whole or a part of the amount of a bill should be remitted to a person or persons by postal money order the bill should be accompanied by properly prepared money order form or forms as the case may be. The amount of the money order as well as the

amount of commission due thereon should be shown as deductions in the bill. The Treasury Officer will pass the bill for the net amount, credit the deductions by transfer to the post office and send the money order forms to the post office together with a certificate on each form to the effect that the amount of the money orders with the fees due thereon has been credited to the post office by book transfer. On obtaining the money order receipt the Treasury Officer will check it with the amount deducted from the bills and then transmit it for record to the drawing officer.

Page 182—Rule 23, F. R. Appx. 3.—Insert the following at the end of clause (*d*) of this rule :—

In cases where the firm supplying a new typewriter in replacement of a condemned one is willing to take the latter in " part payment " of the former, this should be done if the value offered for the old machine on the part payment system is more than the amount which could be obtained for it if it were sold for cash.

N.B.—In the case of the purchase of a typewriter under the " part payment " system the stock registers should show the full value against the new typewriter and the part value obtained against the entry of the old one.

(NAVY BRANCH.)

RESOLUTION.

No. 342.—The Governor General in Council hereby makes the following rules for the examination for Cadetship in the Engineer Branch of the Royal Indian Navy to be held in October, 1936:—

RULES.

1. (*i*) A candidate who desires to appear at the examination shall apply to be admitted to the examination before such date and in such form as the Public Service Commission may prescribe. The application shall be made through the Collector or Deputy Commissioner of the district in which his parents reside at the time of the application, or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at an educational institution only, for a like period.

(*ii*) In the case of Calcutta, applications shall be submitted through the Commissioner of Police.

(*iii*) Cadets of the Prince of Wales' Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(*iv*) A candidate resident in an Indian State shall submit his application through the Durbar.

(*v*) No candidate shall make more than one application in respect of this examination.

(*vi*) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Agent who signs the attestation form.

2. A candidate must be an unmarried man and either—

(*a*) a British subject of Indian domicile whose father (if alive) is a British subject or a subject of a State in India, or a British protected person of the tribal areas; or (if dead) was at the time of his death either a British subject or a subject of a State in India or a British protected person of the tribal areas; or a person in the permanent service of the Crown or a person who had retired from that Service;

(*b*) a Ruler or a subject of a State in India or a British protected person of the tribal areas.

Provided that in the case of a British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a Ruler or a subject of a State in India or a British protected person of the tribal areas cannot be appointed unless he has obtained the declaration required under section 96-A of the Government of India Act.

3. A candidate must furnish a declaration from his father or guardian, in the form prescribed, that the latter is in a position, and will be prepared to discharge the financial obligations attaching to the candidate's training for appointment to the Royal Indian Navy. The parents or guardians of candidates selected for the Engineer Branch of the Royal Indian Navy will, in addition, be required to covenant with the Secretary of State for India in Council that in the event of failure to comply with certain contingencies set forth in an agreement relating to the completion of the course of training in England and thereafter the acceptance of a commission in the Royal Indian Navy and the period he is required to hold such a commission, he will pay the full cost which the Government of India shall have expended on the training of the candidate in England. Should it be found that the declaration in regard to discharge of financial obligations during the period of training is false in any respect, the candidate will be liable to immediate removal.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor General in Council, be limited to such number as the Governor General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as commissioned officers in the Royal Indian Navy.

5. A candidate for this examination must have been born not earlier than the 2nd May 1917 and not later than the 1st May 1919.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Royal Indian Navy. A candidate who, after examination by a Medical Board is found not to satisfy these requirements will not be accepted for admission to the Service.*

7. A candidate must satisfy the Public Service Commission that he is suitable in all respects for employment as a commissioned officer in the Royal Indian Navy.

8. The decision of the Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

10. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for admission to the Royal Indian Navy.

11. Candidates must pay the following fees:—

(*i*) Rs. 7-8-0 with the application form ;

(*ii*) if accepted for admission to the examination, Rs. 50 immediately after the receipt of the certificate of admission.

No claim for a refund of these fees will be entertained.

12. The examination will include the following subjects and the maximum number of marks obtainable for each subject is as follows:—

		Max. Marks.
1.	Interview and Record ..	500
2.	English Language ..	300
3.	General Knowledge ..	300
4.	One of the following:—	
	(*a*) Geography ..	300
	(*b*) French ..	300
	(*c*) German ..	300
	(*d*) English History from 1485	300
	(*e*) Indian History ..	300
5.	Lower Mathematics ..	300
6.	Physics ..	300
7.	Chemistry ..	300
	Optional.	
8.	Freehand Drawing or Geometrical Drawing ..	150

13. No candidate will be accepted as a Cadet who obtains less than 175 marks for Interview and Record or less than 630 marks in all the written papers taken together (these marks being 35 per cent. in each case) except Freehand or Geometrical Drawing or less than 1,225 marks in all the subjects taken together (these marks being 50 per cent.).

14. From the marks assigned to candidates in each subject such deduction will be made as the Public Service Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

15. If a candidate's handwriting is not easily legible, a deduction, which may be of considerable amount, will be made on this account from the total marks otherwise accruing to him.

Ordered that the Resolution be published in the *Gazette of India*.

ARMY BRANCH.

RESOLUTION.

No. 354.—The Governor-General in Council hereby makes the following rules for the regulation of admission to the Indian Military Academy by examination in India which will be held in October 1936 :—

RULES.

(*iii*) Cadets of the Prince of Wales' Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(*iv*) A candidate resident in an Indian State shall submit his application through the Durbar, who will forward it to the Political Officer or Agent.

(*v*) No candidate shall make more than one application in respect of this examination.

(*vi*) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Agent who signs the attestation form.

2. A candidate must be an unmarried man and either :—

(*a*) a British subject of Indian domicile whose father (if alive) is a British subject or a subject of a State in India, or a British protected person of the tribal areas ; or (if dead) was at the time of his death either a British subject or a subject of a State in India, or a British protected person of the tribal areas, or a person in the permanent service of the Crown or a person who had retired from that service ;

(*b*) a Ruler or a subject of a State in India or a British protected person of the tribal areas.

Provided that in the case of a British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a Ruler or a subject of a State in India or a British protected person of the tribal areas cannot be appointed unless he has obtained the declaration required under section 96-A of the Government of India Act.

3. The guarantors of a candidate selected for admission to the Indian Military Academy will be required to covenant with the Secretary of State in Council that the parent or guardian of the cadet will discharge from his own personal resources all the financial obligations attaching to the training of his son or ward at the Academy, and that in the event of failure to comply with certain contingencies set forth in an Indenture relating to the completion of the course at the Indian Military Academy, and thereafter, the acceptance of a commission in the Indian Land Forces, and the period he is required to hold such a commission, he will pay the full cost which the Government of India shall have expended on the education of the cadet at the Academy. Should it be found that the declaration in regard to discharge of financial obligations at the Indian Military Academy is false in any respect, the cadet will be liable to immediate removal from the Academy.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor-General in Council, be limited to such number as the Governor-General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as commissioned officers in the Indian Army.

5. A candidate for this examination must have been born not earlier than the 2nd November 1916 and not later than the 1st November 1918.

6 A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Indian Army. A candidate who, after examination by a Medical Board, is found not to satisfy these requirements will not be accepted for admission to the Academy.*

7. A candidate must satisfy the Public Service Commission that he is suitable in all respects for employment as a commissioned officer in the Indian Army.

8. The decision of the Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

9. No candidates shall be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

10. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for admission to the Indian Military Academy.

11. (*a*) A candidate who competed in the examination held in March/April 1936, and failed to obtain a qualifying mark, will not be allowed to compete at the examination to be held in October 1936, unless he is ineligible by age to compete at any later examination.

(*b*) No candidate who fails to obtain a qualifying mark at this examination will be allowed to compete at the next examination unless that examination is the last at which he would be qualified by age to compete.

12. Candidates must pay the following fees :—

(*i*) Rs. 7-8-0 with the application form,

(*ii*) if accepted for admission to the examination, Rs. 50 immediately after the receipt of the certificate of admission.

*Only successful candidates will be medically examined. Candidates are recommended to consult a Civil Surgeon as to their physical suitability before entering for the examination.

(Only Treasury Receipts for these amounts will be accepted by the Public Service Commission.)

No claim for a refund of these fees will be entertained.

5.	Geography	150

Part II.—Two of these subjects, and not more, must be taken.

		Max. Marks.
(*a*)	French or German ..	300
(*b*)	Lower Mathematics ..	300
(*c*)	Higher Mathematics ..	300
(*d*)	English History from 1485 ..	300
(*e*)	Indian History ..	300
(*f*)	Physics ..	300
(*g*)	Chemistry ..	300

Part III.—Subsidiary subjects of which one and [except as provided in clause (*ii*) below] not more than one, must be taken :—

		Max. Marks.
(*a*)	Outlines of English History from 1485	150
(*b*)	Elementary Science ..	150
(*c*)	Freehand or Geometrical Drawing	150

(*ii*) A candidate who offers English History in Part II must not offer English History in Part III. A candidate who offers Lower or Higher Mathematics in Part II must offer in place of Elementary Mathematics in Part I a second subsidiary subject in Part III. A candidate who takes Elementary Science in Part III must not offer Physics or Chemistry in Part II.

14. No candidate will be admitted to the Indian Military Academy who obtains less than 175 marks for Interview and Record or less than 578 marks in the other subjects taken by him in Parts I to III (these marks being 35 per cent. in each case) or less than 1,075 marks in all the subjects taken in Parts I, II and III (these marks being 50 per cent.).

15. A candidate who desires a commission in the Artillery, Engineers or Signals must take Lower Mathematics and Physics at the entrance examination and obtain at least 40 per cent. of the maximum marks in each of these subjects ; but a candidate who obtains less than 40 per cent. in one or both of those subjects will not thereby be disqualified for admission to the Academy if he obtains a sufficient aggregate of marks to qualify him under Rule 14 nor will he be ineligible for a commission in any branch of the Indian Army other than the Artillery, Engineers or Signals. Candidates who obtain the requisite 40 per cent. of marks will not necessarily be selected to attend the special technical classes at the Academy. Selection will be made by the Commandant during the progress of the course.

16. From the marks assigned to candidates in each subject such deduction will be made as the Public Service Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

7. If a candidate's handwriting is not easily legible a deduction, which may be of considerable amount, will be made on this account from the total marks otherwise accruing to him.

Ordered that the Resolution be published in the *Gazette of India*.

CENTRAL EXCISES.

New Delhi, the 11th April 1936.

No. 9.—In exercise of the powers conferred by sections 17 and 18 of the Matches (Excise Duty) Act, 1934 (XVI of 1934), the Governor General in Council is pleased to direct that the following further amendment shall be made in the Matches (Excise Duty) Order, 1934, namely :—

After clause 28 of the said Order the following clause shall be inserted, namely :—

"28-A. If the holder of any licence granted under this Order should lose his original licence the authority competent to grant the licence may issue a duplicate on payment of a fee of one rupee ".

W. W. NIND,

Joint Secy. to the Govt. of India.

PUBLIC SERVICE COMMISSION (INDIA).

NOTICE.

Simla, the 19th May 1936.

A competitive examination will be held in Delhi on Monday, 19th October 1936, and subsequent days, for entry to the Indian Military Academy, Dehra Dun, in the term beginning on the 1st February 1937, and also for entry to the Royal Indian Navy.

2. The examination will be a combined one for the purpose of filling vacancies in the Indian Military Academy and the Royal Indian Navy. A candidate may apply to be admitted to the examination for both or either. If he wishes to be admitted as a candidate for both, he should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for both he will ordinarily be assigned to the one for which he expressed a preference in his application ; but the Government of India reserve power to assign him to either.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General in Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. One vacancy will be offered for admission to the Engineer Branch of the Royal Indian Navy.

4. The examination will be the same for all arms of the Indian Army, *i.e.*, Cavalry, Artillery Signals, Engineers and Infantry. Those cadets who wish to elect for the Artillery, Engineers and Signals will be permitted to do so during their course at the Academy, at the discretion of the Commandant, provided they obtained 40 per cent. of the maximum marks in each of the subjects, Lower Mathematics and Physics, at the examination.

5. Candidates for the Indian Military Academy examination must have been born not earlier than the 2nd November 1916, and not later than the 1st November 1918, and must be unmarried and domiciled in India. Candidates for the Royal Indian Navy examination must have been born not earlier than the 2nd May 1917, and not later than the 1st May 1919, and must be unmarried and domiciled in India. These age limits can in no case be relaxed. A candidate who desires to appear at the examination is required to submit his application in the prescribed form with the necessary documents on or before the 1st July 1936, in accordance with the instructions given on that form. Copies of the Rules and the Application Form, etc., may be obtained from the Local Government or Administration or Durbar concerned.

The fact that an application form has been supplied, on whatever date, will not be accepted as an excuse for the late submission of an application. Candidates who delay their requests for forms until a late date will do so at their own risk.

6. Applications should be sent by registered post. If a candidate fails to register his application, he does so at his own risk. If a candidate desires an acknowledgment, he should send his application "registered, acknowledgment due."

Note.—If any candidate has appeared at the examination held in March-April 1936, for entry to the Indian Military Academy, Dehra Dun, and the Royal Air Force College, Cranwell, and, in the event of his not being successful thereat, wishes to appear at the examination to be held in October 1936, he must submit his application by the prescribed date without waiting for the results of the former examination. Should he have been successful, his candidature for the October examination will be cancelled.

Secretary, Public Service Commission.

DEPARTMENT OF INDUSTRIES AND LABOUR.

NOTIFICATION.

Simla, the 23rd May 1936.

No. M.-955.—In exercise of the powers conferred by sections 29 and 31A of the Indian Mines Act, 1923 (IV of 1923), as amended by the Indian Mines (Amendment) Act, 1936 (XI of 1936), the Governor-General in Council is pleased to make the following temporary regulations, having satisfied himself that for the prevention of apprehended danger or the speedy remedy of conditions likely to cause danger it is necessary in making these regulations to dispense with the delay that would result from their previous publication and reference to Mining Boards :—

Temporary Regulations for Coal Mines.

1. (*1*) These regulations may be called the Coal Mines (Temporary) Regulations, 1936.

(*2*) They shall apply only in respect of coal mines.

2. In these regulations, unless there is anything repugnant in the subject or context,—

(*a*) " the principal Regulations " mean the Indian Coal Mines Regulations, 1926 ;

(*b*) " the District Magistrate ", in relation to any mine, means the District Magistrate as defined in the principal Regulations.

3. (*1*) The owner, agent or manager of every mine shall keep in the office at the mine a plan showing the system of ventilation in the mine, and, in particular, the general direction of the air-currents, the points where the quantity of air is measured and the principal devices for the regulation and distribution of the air. So far as practicable, the intake airways shall be coloured blue and the return airways red.

(*2*) The positions of any underground ambulance stations and telephones shall be indicated on the plan.

(*3*) The Code of signs set out in Schedule I to these Regulations shall be utilised in plans made under this regulation.

(*4*) Regulations 15 and 16 of the principal Regulations shall apply to any plan made under this regulation as if such plan had been prepared under Chapter II of the principal Regulations.

4. (*1*) All structures and supports at the tops of shafts and the covering of all shafts sealed off or covered for ventilation purposes, shall be made of non-inflammable material :

Provided that this sub-regulation shall not apply to beams for the support of cage keps or of platforms or to wooden headgears if such beams and headgears were in use on the date on which these regulations come into force.

(*2*) All air-crossings in main intake or main return airways and all ventilation or separation doors in any fan house or fan drift and in the vicinity of shaft bottoms or air-crossings in main intake or main return airways shall be constructed of non-inflammable material and shall be designed, as far as practicable, to prevent leakage.

(*3*) No timber or other inflammable material shall be used in the construction of or in connection with any underground engine-house or electrical sub-station, switch house or motor room.

(*4*) This regulation shall come into operation on the first day of December 1936 The Chief Inspector may in the case of any particular mine, where he is satisfied that compliance with the provisions of this regulation is not reasonably possible by the date aforesaid, direct that this regulation shall not apply to such mine for a further period not exceeding six months from that day.

5. No oil, grease, canvas, or other highly inflammable material shall be stored underground in any mine except in a fire-proof receptacle or chamber.

6. Adequate precautions shall be taken at every mine to prevent the deposition of boiler ashes or the residue from the manufacture of coke in any coal quarry, or exposed outcrop of coal or on any broken surface caused by the extraction of coal.

7. (*1*) No person shall light a fire or permit a fire to be lighted in any underground part of a mine :

Provided that nothing in this sub-regulation shall apply to the use of blow lamps or electric reparing apparatus if permitted by a special written order granted by the manager of the mine The order shall specify the person to be in charge of the blow lamp or apparatus and shall require such person to bring it back to the surface when no longer required.

(*2*) No person shall light a fire or permit a fire to be lighted within a distance of 20 feet of the top of any shaft except in accordance with a written order granted by the manager of the mine and only for a special purpose specified in such order.

(*3*) All such orders shall be recorded in a paged book kept in the office of the mine.

8. Adequate means of extinguishing fire shall be provided at any part of a mine where timber, grease or other inflammable material is stored and at all insets where timber is used for the construction of the staging and at every pit-head, engine-room and electrical apparatus room.

9. (*1*) No coal shall be extracted from any spot which lies vertically below and within 50 feet of—

(*a*) any part of the bed of any river, or

(*b*) any spot lying within a horizontal distance of 50 feet from either bank of the river.

(*2*) No coal shall be extracted from any spot which lies vertically below—

(*a*) any part of the bed of any river, or

(*b*) any spot lying within a horizontal distance of 50 feet from either bank of the river,

except with the written permission of the Chief Inspector and subject to such conditions as he may specify.

(*3*) For the purposes of this regulation, where sand or alluvium are lying in the course of a river, the bed of the river at that point shall be deemed to coincide with the surface of the hard strata underlying such sand or alluvium.

10. No excavation shall be done in any part of a seam lying under any part of another seam which is on fire or is believed to be on fire or which is connected by a goaf or broken strata to any fire except by a method which will maintain the strata between the seams in situ and intact.

11 (*1*) On the appearance in any part of a mine of smoke or other sign indicating that a fire has or may have broken out all workmen other than those whose presence in the mine is deemed necessary for dealing with the emergency shall be immediately withdrawn from the mine. No workmen, other than the men required for dealing with or damming off the fire, shall be re-admitted until either the fire has ben extinguished or the part in which it exists has been effectively dammed off and an examination has been made by the manager and the competent person appointed under regulation 72 of the principal Regulations and the mine has been reported to be safe. Every such report shall be recorded without delay in a paged book, which shall be kept at the mine for the purpose and shall be dated and signed by the manager and the competent person who made the inspection:

Provided that where a mine is mechanically ventilated, this regulation shall apply only to the ventilating district or districts that may be affected.

(*2*) Locked safety lamps or electric torches of a type approved by the Chief Inspector shall be exclusively used in the work of dealing with or damming off an underground fire:

Provided that where, in the opinion of the manager, it is necessary to take immediate steps to deal with an outbreak of fire, the provisions of this sub-regulation shall be deemed to have been complied with if the workmen engaged in dealing with the fire are provided with safety lamps or electric torches as quickly as is reasonably practicable.

(*3*) During the work of dealing with or damming off an underground fire a cage or cages containing small birds or mice shall be kept at all places in which persons may be in danger from noxious gases.

12. When smoke or other indication of outbreak of fire or a dangerous influx of noxious gases occurs in or about a mine, the owner, agent or manager of the mine shall forthwith inform the Inspector by telephone or telegraph, and shall also, within twenty-four hours of such occurrence, send notice thereof in the form contained in Schedule II to these Regulations to the District Magistrate, or to the Subdivisional Magistrate, who shall forward it to the Chief Inspector.

13. (*1*) Locked safety lamps or electric torches of a type approved by the Chief Inspector shall be exclusively used in any ventilating district of a mine in which there is an underground fire whether such fire is sealed off by stoppings or not.

Provided that the Chief Inspector may, in the case of any mine, grant exemption from this regulation, if, in his opinion, the use of safety lamps or electric torches in such mine is not necessary.

(*2*) This regulation shall not come into force till the 1st day of July 1936

14. In any ventilating district of a mine which is not naturally wet throughout and in which there is an underground fire, whether sealed off or not, the following precautions with respect to danger from dry coal dust shall be taken :—

(*a*) All haulage and tramming roads shall be systematically kept clear of accumulations of dry coal dust.

(*b*) All such roads shall be systematically treated with water or incombustible dust in such a manner as to prevent an explosion from being initiated or propagated by coal dust. If incombustible dust is used for the purpose, it shall be of a kind which is not likely to be injurious to the health of workmen.

15. In any working mine in which a fire is known or is belived to exist—

(*a*) adequate precautions shall be taken to prevent the passage of air from the mine through any goaf or broken strata connected with the fire ; and

(*b*) no work shall be done in any part of the mine which is not effectively sealed off from any such goaf or broken strata.

16. Inspections—

(*a*) under regulation 70 of the principal Regulations in the region of an underground fire, or

(*b*) of any stoppings made to control a fire, or

(*c*) under regulation 72 of the principal Regulations where the danger arises from fire or noxious gases,

shall be made with a locked safety lamp of the flame-type and a cage containing mice or small birds or other means of detecting carbon monoxide gas approved by the Chief Inspector.

Educational Notices.

Krishnagar College—Session 1936-37

The 9th May 1936.

The College re-opens on the 2nd July 1936 after the long vacation. Admission will commence immediately after the publication of the results in the *Calcutta Gazette*. The College teaches up to the B.A. and B.Sc. standard of the Calcutta University. It has got affiliation in the usual Arts and Science subjects in Honours in English, Sanskrit and Mathematics. The College is likely to be affiliated in Civics from 1936-37. The monthly tuition fee amounts to Rs. 6 for the I.A., Rs. 7 for the I.Sc. and B.A. and Rs. 8 for the B.Sc. classes.

The College is situated in the midst of an extensive compound of over 100 bighas containing a large number of playgrounds. There is provision for all outdoor games. The College provides well-equipped gymnasium, common room and reading rooms for the use of the students, who receive individual attention both in their studies and their games. Arrangements have been made to divide the boys into groups and place them under the effective and intimate guardianship of their teachers. There is a fine two-storyed Hindu hostel in the College compound and hostel charges (including rent, furniture, light and medical attendance) do not exceed Rs. 13 a month. The boarders keep excellent health, and the general health in the town is also quite good. A new Muhammadan hostel has been constructed this year. Charges are moderate.

A considerable number of Government and private free-studentships and stipends is awarded every year in August or September to poor but deserving students of the College. Four stipends of Rs. 10, Rs. 7-12, Rs. 4 and Rs. 3 are also available for boarders of the Hindu hostel in straitened circumstances. The College Conversion Mohsin stipends are annually awarded to deserving Muhammadan students.

For prospectus and admission form, apply enclosing stamped and addressed envelope *to the Principal, Krishnagar College.*

S. C. GHOSAL, *Officer-in-charge.*

Hooghly College, Chinsura.

Chinsura, the 17th April 1936.

Admission of Students—Session 1936-37.

Hooghly College is one of the oldest in Bengal, having been founded in 1836. It will re-open on Thursday, the 2nd July 1936, after the summer vacation.

The College teaches up to the B.A. and B.Sc. standard. It is affiliated in Honours in the following subjects:—

English, Sanskrit, Philosophy, History, Mathematics and Physics.

No Physics nor Chemistry can be taken in the I.A. Course in this College.

Only students who had Additional Mathematics in the Matriculation Examination will be admitted to the I.Sc. class. A certificate to this effect from the Headmaster of the school should be attached to the application.

Applications for admission should be made in the prescribed form immediately after the publication of the University results. Prospectus and admission forms can be had from the College office on personal application or by sending a stamped cover. Students who failed in the University examination and desire re-admission should attach the University admit card and their crossed list to their application form.

As a rule, students who have passed the Matriculation or Intermediate examination in the third division will not be admitted. Students who have failed to pass in any year after two attempts will not be allowed to continue.

There are two hostels attached to the College, one for Hindus and the other for Muhammadans. Both the hostels are pucca buildings and very close to the College.

Twenty-five per cent. of the vacancies will be reserved for Moslem students, if necessary, but this reservation will not hold good if sufficient applications are not received at least one week before the day on which the College re-opens.

K. ZACHARIAH,
Principal, Hooghly College.

Government School of Art.

28, Chowringhee Road, Calcutta, the 1st April 1936.

Application for admission into the school should be made to the Principal immediately on a form obtainable from his office, duly filled up by the candidate's father or guardian, and should reach his office on or before Saturday, 20th June 1936.

2. The candidate must not be more than 18 years and below 15 years of age and must have passed the Matriculation or at least read up to the Matriculation Standard. He will be required to produce a transfer certificate from the school or college in which he has last studied.

3. There will be a test examination at the school premises on Monday, 22nd June, Tuesday, 23rd June, and Wednesday, 24th June, 1936, from 11 a.m. to 1 p.m. each day, and the candidates are to appear at the above test examinations on any of the above dates.

4. The guardians of the successful candidates (a list of whom will be hung up on the Notice Board) should come and interview the Principal between Thursday, 25th June, and Saturday, 27th June, 1936, during office hours to discuss the course of studies that will suit their wards, who will then be selected for admission. The session will commence from Thursday, 2nd July 1936.

5. The school will re-open on Thursday, 2nd July 1936, after the summer vacation, and the candidates will have to join their classes from Thursday, 2nd July 1936, if admitted.

A commodious hostel practically within the college compound has been started under the direct supervision of the Director of Public Instruction, Bengal, and the Principal, Bethune College.

TATINI DAS,
Principal, Bethune College.

Department of Industries, Bengal.

Serampore, the 4th May 1936.

Government Weaving Institute, Serampore (Hooghly).

Minister-in-charge: The Hon'ble Nawab Sir Mohiuddin Faroqui, Kt., of Ratanpur.

The 1936-37 session of the higher classes of the Institute will commence in the 3rd week of July 1936. Applications in prescribed form from *bona fide* natives or permanent residents of the province, who must have passed the School Final Examination, Science Side, or the University Matriculation Examination or have been trained in one of the Technical Schools affiliated to the Overseer Examination Board up to the Sub-Overseer standard and are prepared to give a written undertaking that they intend to make weaving their profession after the completion of their training, will be received by the undersigned up to 30th June 1936 for admission into the 1st year higher class accompanied by a registration fee of Rs. 2. No application will be considered if the registration fee for it is not received on or before this date.

The applicants must furnish the following particulars:—

(1) Applicant's name and full home address.

(2) Race and religion.

(3) Educational qualifications—

(*a*) School or College last attended and date of leaving.

(*b*) University Examinations passed and from which School or College.

(*c*) The year and the division in which the University Examinations were passed.

(4) Special qualifications, if any, particularly in drawing and design work.

(5) Father or guardian's name and permanent address.

(6) Occupation of father or guardian and his place of business.

(7) Applicant's present age and an attested certificate of his age.

(8) A medical certificate of physical fitness from a registered medical practitioner, which should state his exact height.

(9) A certificate of good moral character from the Principal or Head Master of the College or School last attended.

(10) The applicant should state—

(*a*) Whether he will reside in the hostel attached to the Institute.

(*b*) Whether he will live outside under the care of a responsible local guardian and if so, the name and address of the guardian.

The application must be signed by the father or guardian of the applicant certifying that the particulars given by the candidate are true to his knowledge and that he agrees to the arrangement stated at 10 (*a*) or (*b*).

Instruction is given in the theory and practice of Cotton Spinning, Weaving, Dyeing, Calico-printing and Drawing.

No tuition fee is charged, but the students have to pay a caution money deposit of Rs. 10 against damage, loss or breakage of Government property.

Six scholarships of Rs. 15 each per month will be awarded to the newly admitted students of the 1st year class on the results of a special examination in Dictation, Essay-writing and Arithmetic held shortly after the commencement of the session. Five scholarships of Rs. 15 each a month will be awarded to the students of the 2nd year class and four scholarships to the students of the 3rd year class on the results of the annual examination of the 1st and 2nd year classes respectively of the previous year. Of these two scholarships in the 1st year class, one in the 2nd year and one in the 3rd year will be reserved for Muhammadans.

These scholarships are intended for Bengalee students or students domiciled in Bengal, and they will not be awarded to those holding district board or other stipends. Should, however, there be an insufficient number of qualified candidates to fill the scholarships reserved for any particular denomination or creed, the vacant scholarships may be awarded to deserving candidates from other sects.

Students to whom scholarships have been awarded will not ordinarily be allowed to hold their scholarships for the succeeding years if they fail to pass the annual examinations.

Students who pass the examination at the end of the 3rd year's course will receive a diploma entitled "Associate of the Government Weaving Institute, Serampore" and signed by the Principal of the Institute and the Director of Industries, Bengal, or his representative. Further particulars may be obtained from the undersigned on applying with a one anna postage stamp.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

The following Act of the Indian Legislature received the assent of the Governor General on the 26th April, 1936, and is hereby promulgated for general information :—

ACT No. VII OF 1936.

An Act to amend the Indian Aircraft Act, 1934, for a certain purpose.

WHEREAS it is expedient to amend the Indian Aircraft Act, 1934, for the purpose hereinafter appearing; It is hereby enacted as follows :— XXII of 1934.

Short title.

1. This Act may be called the Indian Aircraft (Amendment) Act, 1936.

Insertion of new section 8A in Act XXII of 1934.

2. After section 8 of the Indian Aircraft Act, 1934 (hereinafter referred to as the said Act), the following section shall be inserted, namely :— XXII of 1934.

Power of Governor General in Council to make rules for protecting the public health.

"8A. The Governor General in Council may, by notification in the Gazette of India make rules for the prevention of danger arising to the public health by the introduction or spread of any infectious or contagious disease from aircraft arriving at or being at any aerodrome and for the prevention of the conveyance of infection or contagion by means of any aircraft leaving an aerodrome and in particular and without prejudice to the generality of this provision may make, with respect to aircraft and aerodromes or any specified aerodrome, rules providing for any of the matters for which rules under sub-clauses (i) to (viii) of clause (*p*) of sub-section (*1*) of section 6 of the Indian Ports Act, 1908, may be made with respect to vessels and ports." XV of 1908.

Amendment of section 10, Act XXII of 1934.

3. In section 10 of the said Act, for the words and figure "or section 8" the words, figures and letter ", section 8 or section 8A" shall be substituted.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act of the Indian Legislature received the assent of the Governor General on the 26th April, 1936, and is hereby promulgated for general information :—

ACT No. V OF 1936.

An Act to remove certain doubts and to establish the validity of certain proceedings in High Courts of Judicature in British India.

WHEREAS doubts have arisen as to the validity of certain proceedings in High Courts of Judicature in British India under the Letters Patent erecting and establishing those Courts;

AND WHEREAS it is expedient to terminate those doubts and to establish the validity of those proceedings;

It is hereby enacted as follows :—

Short title and extent.

1. (*1*) This Act may be called the Decrees and Orders Validating Act, 1936.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

Certain decrees and orders not to be called in question.

2. No decree passed or order made by the High Court of Judicature at Fort William in Bengal, the High Court of Judicature at Madras or the High Court of Judicature at Bombay, in the exercise of its ordinary original civil jurisdiction under clause 12 of its Letters Patent, or by the High Court of Judicature at Rangoon, in the exercise of its original civil jurisdiction under clause 10 of its Letters Patent, shall be called in question in any proceedings before any other Court on the ground that the High Court passing the decree or making the order had no jurisdiction to pass or make the decree or order.

Restoration of proceedings.

3. Where in any proceedings concluded on or after the 26th day of August, 1935, any such decree or order has been found to be invalid on such ground by any Court, such finding shall be void and of no effect; and the Court shall, notwithstanding anything to the contrary in the Indian Limitation Act, 1908, or any other law for the time being in force, on application made within six months from the commencement of this Act by any person prejudicially affected by such finding, restore the proceedings at and continue the proceedings from the stage reached immediately before the order embodying or based on such finding was made. PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 17th April, 1936 :—

[C. OF S. BILL No. 1 OF 1936.

A Bill to control the Coastal Traffic of India.

WHEREAS it is expedient to encourage the development of an Indian Mercantile Marine ;

AND WHEREAS for this purpose it is expedient to control unfair competition in the Coastal Traffic of India ;

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Control of Coastal Traffic of India Act, 1936.

(*2*) It extends to the whole of the coastal traffic of British India and of the continent of India.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

2. When the Governor General in Council is satisfied from a complaint, report or otherwise that unfair competition exists in the coastal traffic of British India or of the continent of India, by the lowering of the usual rates of fare or freight or by the grant of rebates or other concessions in any way whatsoever, it shall, subject to the provisions of the Government of India Act, be lawful for him to prescribe, from time to time, by rules published in the Gazette of India, the minimum rates of fare or freight between any ports in India or to prohibit by notification published in the said Gazette the grant of any rebate or concession which in his opinion amounts to unfair competition.

3. Any person who in the opinion of the Governor General in Council contravenes any such rule or prohibition shall be punished with fine which may extend to Rs. 10,000 and shall also be liable to be debarred from taking any ship into any port in India under the control of the Government of India or of any Provincial Government for such period or under such conditions as the Governor General in Council may direct.

Explanation.—A person shall include any company or association or body of individuals whether incorporated or not.

4. The Governor General in Council may, by notification, make rules for carrying out the purposes of this Act. In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

(*a*) for the procedure for complaint against or report about unfair competition,

(*b*) for enquiry into such complaint or report,

(*c*) for the imposition of the penalty of refusal of entry of any ship into any port and for the enforcement thereof.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to remove a possible impediment to the growth and development of Indian Mercantile Marine. There is no question of any discrimination between British and Indian shipping. Past experience, however, shows that a well-established powerful company engaged in coastal traffic can easily put a new venture out of action by unfair competition, *e.g.*, rate-cutting, grant of rebates, etc. The fear of unfair competition deters Indian capital being invested in coastal shipping. If the Governor General in Council be given power to prevent such competition, the fear will be largely allayed and a new line of commercial activity may be opened out to Indians. By this Bill, power is given to the Governor General in Council when he is satisfied that unfair competition exists, to fix minimum rates of fare and freight or to prohibit the grant of rebates or other concessions which are calculated to reduce such minimum rates. Contravention of any rule prescribed by the Governor General in Council or any direction given by him with regard to the grant of concessions is made punishable with fine or refusal of entry to an Indian port.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 18 OF 1936.

A bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898 ; It is hereby enacted as follows :— V of 1898.

Short title, extent and commencement.

1. (*1*) This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 .

(*2*) It shall apply to the whole of British India.

(*3*) It will come into force on such day as the Governor General in Council directs.

Amendment of section 388, Act V of 1898.

2. In sub-section (*1*) of section 388 of the Code of Criminal Procedure, 1898, after the word "only" a comma and the words, "for imprisonment till the rising of the Court and fine" shall be inserted. V of 1898.

STATEMENT OF OBJECTS AND REASONS.

Section 388 of the Criminal Procedure Code was amended by Criminal Procedure Code (Second Amendment) Act, 37 of 1923. By this amendment Criminal Courts were empowered to allow time and to make instalments for the payment of fine by an accused person who is sentenced to fine only. There are several sections in the Indian Penal Code under which a sentence of imprisonment must be awarded, but in practice there arise cases sometimes, in which the Court thinks only a sentence of fine is called for. In such a case the Court awards sentence of imprisonment till the rising of the Court only to comply with the provisions of law. A sentence of fine is added and imprisonment in default is prescribed. Section 388, Criminal Procedure Code, does not enable the Court to give time or to make instalments of fine in such a case. The result is that the very object with which the Court awarded imprisonment until the rising of the Court is frustrated. The accused would not possibly expect or know what the sentence would be and would not come to the Court ready to pay the fine, he must therefore be sent to the jail until the fine is paid by his relatives. This causes great hardship to accused persons, specially when they are otherwise respectable. This Bill is presented to alleviate this hardship.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 19 OF 1936.

A bill to consolidate the provisions of Muslim Law relating to suits by married Muslim women for dissolution of marriage and to remove doubts as to the effect of apostasy of a married Muslim woman on her marriage tie.

WHEREAS it is expedient to consolidate the provisions of Muslim Law relating to suits by married women for dissolution of marriage and to remove doubts as to the effect of apostasy of a married Muslim woman on her marriage tie ; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Muslim Dissolution of Marriage Act, 193 .

(*2*) It shall apply to the whole of British India and shall come into force at once.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context, (1) "Maliki Law" shall mean Muslim Law as laid down by the "Maliki School" ; and (2) "Hanafi Law" shall mean Muslim Law as laid down by the "Hanafi School."

Grounds for dissolution of marriage.

3. A married Muslim woman may bring a suit against her husband for the dissolution of her marriage on any one or more of the following grounds :—

(A). 1. That her husband is absconding and there is no provision for her maintenance or that her chastity is in danger due to his absence :
2. That her husband is suffering from insanity of a dangerous type or leprosy :
3. That her husband neglects or refuses to maintain her and she has no means to maintain herself :
4. That her husband persistently treats her with unbearable cruelty :
5. That she has to suffer from non-provision of maintenance or that her chastity is in danger on account of the absence or protracted incarceration of her husband.

(B). 1. That being entitled to exercise her option of puberty, she has repudiated the marriage.
2. That her marriage was void or invalid *ab initio* or has become invalid by virtue of some subsequent event.
3. That her husband is impotent.
4. That her husband has accused her of unchastity.
5. For any other reasons which may be sufficient under Muslim Law for the dissolution of marriage.

Rule of decision.

4. (*1*) Suits brought on grounds mentioned in section 3 (A) shall be heard and decided according to Maliki Law.

(*2*) Suits brought on grounds mentioned in section 3 (B) shall be heard and decided according to Hanafi Law.

Effect of conversion.

5. The conversion of a married Muslim woman to a faith other than Islam shall not by itself operate to dissolve her marriage.

---

*The Governor General has been pleased to accord the sanction required by section 67 (2) (*b*) of the Government of India Act.

Trial of suits.

6. (*a*) Subject to the provisions laid down in the Code of Civil Procedure, 1908, regarding the trial of suits, a suit for the dissolution of marriage by a married Muslim woman shall be filed in the proper Court, provided that the presiding officer of that Court is a Muslim. V of 1908.

(*b*) If the presiding officer of the Court mentioned in (*a*) be not a Muslim, then such a suit shall be filed in the Court of the District Judge, who may try it himself—if he is Muslim—or send it for trial to any Muslim Judicial Officer in his District without any consideration for pecuniary or territorial jurisdiction.

(*c*) If the District Judge is not a Muslim himself and no Judicial Officer as mentioned in (*b*) above is available, then the District Judge shall send the case for trial to a Muslim Judicial Officer available in the nearest District.

(*d*) In case of transfer of a Muslim Judicial officer pending the trial of suit under this Act and his substitution by a non-Muslim Officer, the record of the case shall be sent back to the District Judge of the District where the suit was instituted and the said District Judge shall dispose of the case in accordance with (*b*) and (*c*) mentioned above.

(*e*) Appeals from the decision of the trial Court shall lie to the High Court and shall be heard and decided by a Muslim Judge of that Court.

STATEMENT OF OBJECTS AND REASONS.

There is no proviso in the Hanafi Code of Muslim Law enabling a married Muslim woman to obtain a decree from the Courts dissolving her marriage in case the husband neglects to maintain her, makes her life miserable by deserting or persistently maltreating her or absconds leaving her unprovided for and under certain other circumstances. The absence of such a provision has entailed unspeakable misery to innumerable Muslim women in British India. The Hanafi Jurists however have clearly laid down that in cases in which the application of Hanafi Law causes hardship, it is permissible to apply the provisions of the "Maliki, Shafi'i or Hambali Law". Acting on this principle the *Ulemas* have issued *fatwas* to the effect that in cases enumerated in clause 3, Part A of this Bill, a married Muslim woman may obtain a decree dissolving her marriage. A lucid exposition of this principle can be found in the book called "Heelat-un-Najeza" published by Maulana Ashraf Ali Sahib who has made an exhaustive study of the provisions of Maliki Law which under the circumstances prevailing in India may be applied to such cases. This has been approved by a large number of *Ulemas* who have put their seals of approval on the book.

As the Courts are sure to hesitate to apply the Maliki Law to the case of a Muslim woman, legislation recognizing and enforcing the above-mentioned principle is called for in order to relieve the sufferings of countless Muslim women.

As to cases covered by clause 3, Part B Hanafi Law makes the necessary provision for granting the appropriate relief.

Now remains the question of the personnel of the Courts giving decrees in dissolution of marriage cases. The Muslim Law requires that the decree should be passed by a Qazi who must be a "Mussalman". Under the present circumstances this is not possible, but it is possible to get such a suit decided by a Muslim presiding officer. To attain this object clause 6 has been added, which gives the available facilities to the litigants to get the dispute decided by a Muslim officer.

One more point remains in connection with the dissolution of marriages. It is this: the Courts in British India have held in a number of cases that the apostasy of a married Muslim woman *ipso facto* dissolves her marriage. This view has been repeatedly challenged at the bar, but the Courts continue to stick to precedents created by rulings based on an erroneous view of the Muslim Law. The *Ulemas* have issued *fatwas* supporting non-dissolution of marriage by reason of the wife's apostasy. The Muslim community has, again and again, given expression to its supreme dissatisfaction with the view held by the Courts. Any number of articles have been appearing in the press demanding legislation to rectify the mistake committed by the Courts, hence clause 5 is proposed to be incorporated in this Bill. Thus by this Bill the whole Law relating to dissolution of marriages is brought at one place and consolidated in the hope that it would supply a very longfelt want of the Muslim community in India.

In the end it may also be made clear that the procedure and conditions as laid down in this Bill are expected to satisfy all the schools of Muslim thought and so this Bill is made applicable to all Mussalmans residing in British India.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936:—

L. A. BILL No. 21 OF 1936.

A Bill to amend the Child Marriage Restraint Act, 1929.

WHEREAS it is expedient to amend the Child Marriage Restraint Act, 1929 ; It is hereby enacted as follows :— XIX of 1929.

Short title, extent and commencement.

1. (*1*) This Act may be called the Child Marriage Restraint (Amendment) Act, 19 .

(*2*) It extends to the whole of British India including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on such day as the Governor General in Council directs.

Amendment of section 1, Act XIX of 1929.

2. After sub-section (*3*) of section 1 of the Child Marriage Restraint Act, 1929, the following new sub-section shall be inserted, namely :— XIX of 1929.

"(*4*) The provisions of this Act shall apply also to any offence committed under this Act by any British subject within the territories of any Native Prince or Chief in India and he shall be dealt with according to the provisions of this Act in British India in the same manner as if such act had been committed in British India."

---

* The Governor General has been pleased to accord the sanction required by section 67 (2) (*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

There is no law making British subjects amenable to the provisions of the Child Marriage Restraint Act if they commit offences under the Act in the territories of any Native Prince or Chief in India.

In practice it has been observed that the provisions of the Sarda Act are being evaded and abused by the British subjects by their hopping over the borders of the British territory and committing offences under this Act by performing child marriages in contravention of the Act in Native States and returning to British India to enjoy immunity from the punishment provided by the Act.

If a provision such as proposed by this Bill is not enacted the provisions of the Child Marriage Restraint Act will be infructuous.

Cases of such an abuse are not rare and it is high time that they should be provided against.

Sections 3 and 4 of the Penal Code do not cover offences when committed under this Act out of British India, to be made punishable in British India.

Section 4 applies to the provisions of the Penal Code only to the offences committed by any Native Indian subject of His Majesty in any place without and beyond British India, and there is no law passed by the Governor General of India in Council, as required by section 3 of the Penal Code for trying in British India an offence under the Child Marriage Restraint Act when committed beyond the limits of the British territories.

Thus it is expedient and necessary to amend this Act as proposed by this Bill.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936:—

L. A. BILL No. 23 OF 1936.

A Bill further to amend the Legal Practitioners Act, 1879.

WHEREAS it is expedient further to amend the Legal Practitioners Act, 1879; It is hereby enacted as follows :— XVIII of 1879.

Short title. **1.** This Act may be called the Legal Practitioners (Amendment) Act, 1936.

Amendment of section 13, Act XVIII of 1879. **2.** In section 13 of the Legal Practitioners Act, 1879,— XVIII of 1879.

(*i*) in clause (*f*), for the words "for any other reasonable cause" the words "who is guilty of any other misconduct" shall be substituted, and

(*ii*) after clause (*f*) the following shall be added as *Explanation*, namely :—

"*Explanation.*—Entering into any trade or business or accepting any part-time service or employment is not misconduct."

---

*The Governor General has been pleased to accord the sanction required by section 7 (2) (*i*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

In the Letters Patents of the various High Courts it was provided that the High Courts could take disciplinary action against advocates or pleaders practising in such Courts for "any reasonable cause". But by the Bar Councils Act XXXVIII of 1926 this provision of the Letters Patents has been modified and under section 10 of the said Act the High Courts to which the Act applies can now take disciplinary action against an advocate only for "professional or other misconduct". It is desirable that the Legal Practitioners Act XVIII of 1879 should also be brought into line with the Bar Councils Act XXXVIII of 1926. Section 1 of this Bill, therefore, provides that in clause (*f*) of section 13 of the said Act XVIII of 1879 the words "who is guilty of any other misconduct" shall be substituted for the words "for any other reasonable cause".

Certain recent Judicial pronouncements (*e. g.*, of the Patna High Court in the case of Shyamapada De, pleader, reported in Volume XVI of the Patna Law Times for 1935 at page 781 and of the Chief Court of Oudh in the case of Pandit Har Prasad Sand, Advocate, reported in Part 29 of the Oudh Weekly Notes for 1935 at page 1029) have cast a doubt upon the rights of Legal Practitioners to enter into any trade or business and for the matter of that to accept a part-time service or employment. Legal Practitioners in India perform also the functions which in England are performed by Solicitors. There is no restriction on the rights of solicitors to enter into any trade or business or to accept a part-time service or employment.

There is, therefore, no reason why such restrictions should be imposed upon the Legal Practitioners in India. Moreover, times have considerably changed and the struggle in the profession is becoming keener and keener every day. It is therefore in the interest of the morale of the profession itself that Legal Practitioners should be permitted to implement their income by straightforward and honest means. This Bill, therefore, further provides for the addition of an explanation after clause (*f*) of section 13 of the principal Act to the effect that it is not misconduct for a Legal Practitioner to enter into a trade or business or to accept a part-time service or employment.

WHEREAS it is expedient to amend the Child Marriage Restraint Act, 1929, It is hereby enacted as follows:— XIX of 1929.

Short title, extent and commencement.

1. (*1*) This Act may be called the Child Marriage Restraint (Amendment) Act, 193 .

(*2*) It extends to the whole of British India including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the 1st of April, 1935.

Amendment of section 1, Act XIX of 1929.

2. In sub-section (*2*) of section 1 of the Child Marriage Restraint Act, 1929, after the words "Sonthal Parganas" the existing full-stop shall be deleted and the following words shall be added, namely:— XIX of 1929.

"but it shall not apply to Musalmans".

---

*The Governor General has been pleased to accord the sanction required by section 67(2)(*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The Child Marriage Restraint Act, XIX of 1929, came into force in April 1930, but as a matter of practice it has remained a dead letter specially amongst Muslims. The Indian Law contains two provisions which can be effective in restraining child marriages—one is contained in section 376 of the Indian Penal Code which prohibits consummation with a girl under 14 years of age and the other is contained in the Child Marriage Restraint Act But what is the restriction contained in the latter Act? It is not a restriction on consummation, but on solemnization of marriage alone. Thus illicit intercourse after the age of 14 with the consent of an unmarried girl is not a crime, but solemn marriage even without consummation is an offence. This is an anomaly. Again the restriction under the latter Act is enforced by the imposition of fine which may extend to Rs 100 but the non-payment of which cannot b substituted by the infliction of imprisonment. It cannot invalidate the marriage The Government itself cannot take notice of its breach, except when moved by outsiders It is probably for this reason, that nobody has ever taken any interest in its observance It serves no useful purpose except that its existence on the Statute-book gives powers of prosecution in the hands of strangers who are likely to abuse them, contains a penalty which is ineffectual and serves only to irritate the public, specially the Muslims, and engenders a feeling of violation of law in the minds of law-abiding citizens. It is thus necessary that it must be repealed at least so far as Muslims are concerned.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936:-

L. A. BILL No. 25 OF 1936.

A Bill to declare that properties of a Muslim dying intestate and without any heir devolve upon the Muslim Community.

WHEREAS doubts have arisen whether properties of an intestate owner dying without any heir should devolve upon the Muslim Community or be escheated to the Corwn;

AND WHEREAS it is expedient to resolve such doubts;

It is hereby enacted as follows:—

Short title, application and extent.

1. (*1*) This Act may be called the Muslim Intestate Succession Act, 193 .

(*2*) It shall apply to the estate both moveable and immoveable of a Muslim, subject to the Muslim law of succession, dying intestate without any heir, and shall extend to the whole of British India.

Devolution of intestate estate.

2. Notwithstanding any law or custom to the contrary, the estate of a Muslim, subject to the Muslim law of succession, dying intestate without any heir shall devolve on the Muslim Community and shall not escheat to the Crown.

---

*The Governor General has been pleased to accord the sanction required by section 67(2) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to provide that the estate of an intestate Muslim, subject to the Muslim law, dying without any heir shall devolve on the Muslim Community in accordance with the *Shariat* in preference to its escheating to the Crown.

This rule of common law is inapplicable to Muslims who are subject to their own law which provides for such a contingency.

Section 112 of the Government of India Act provides:—

> "The High Courts at Calcutta, Madras and Bombay in the exercise of their original jurisdiction in suits against inhabitants of Calcutta, Madras or Bombay, as the case may be, shall in matters of inheritance and succession to lands, rents and goods, and in matters of contract and dealing between party and party, when both parties are subject to the same personal law, or custom having the force of law, decide according to that personal law or custom, and when the parties are subject to different personal laws or customs having the force of law, decide according to the law or custom to which the defendant is subject."

The effect of this section is that in matters of inheritance and succession to both moveable and immoveable properties, the law to be administered to the Muslims is their personal law which *in this respect* has not been altered or established by any legislative enactment. The pure rule of Muslim law is that the property of an intestate and heirless Muslim on his death devolves upon the Muslim Community on whose behalf the *Baitul-mal*, if existing in any locality, may receive it, or which may make any other arrangements for the custody, maintenance and expenditure of such properties. The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 26 OF 1936.

A Bill to remove certain disabilities in respect of the power of transfer or of will by a member of a joint Hindu family.

WHEREAS it is expedient to remove disabilities in respect of the power of transfer and of will by a coparcener of his share of the joint Hindu family property ; It is hereby enacted as follows :—

Short title and extent.

1. (*1*) This Act may be called the Hindu Disposal of Property Act of 19

(*2*) It extends to the whole of British India.

A coparcener to have a right to make a gift or will.

2. Notwithstanding any provision, or interpretation of Hindu Law, custom or usage to the contrary, any coparcener of a joint Hindu family may transfer by sale, mortgage, gift or otherwise or may make a will in favour of any body, of his share of the joint family property.

Explanations.

(*i*) In case of transfer, the share in the joint family property of the transferer will be that which he would get if partition had taken place at the time of the transfer.

(*ii*) In case of a will the share of the testator in the joint family property will be that which he would have got (if alive) had partition taken place at the time of his death.

---

*The Governor General has been pleased to accord the sanction required by section 67 (2) (*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

With the impact of new ideas of rights of individuals the joint Hindu family system is working great hardship in more ways than one. This is an attempt to rectify it to some extent. A coparcener often finds that he is unable to make any provision for his most near and dear ones to cover his accidental death, when those, whom he would most like to profit by his property, are left at the absolute mercy of others. He cannot also make a transfer and thus has very restricted credit.

The Bill is intended to enable a coparcener to transfer or will away his share of the property before having recourse to actual partition.

The following Bill was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 27 OF 1936

A Bill to control the Coastal Traffic of India.

WHEREAS it is expedient to encourage the development of an Indian Mercantile Marine ;

AND WHEREAS for this purpose it is expedient to control unfair competition in the Coastal Traffic of India ;

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Control of Coastal Traffic of India Act, 193

(*2*) It extends to the whole of the coastal traffic of British India and of the continent of India.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Measures to check unfair competition.

2. When the Governor General in Council is satisfied from a complaint, report or otherwise that unfair competition exists in the coastal traffic of British India or of the continent of India, by the lowering of the usual rates of fare or freight or by the grant of rebates or other concessions in any way whatsoever, it shall, subject to the provisions of the Government of India Act, be lawful for him to prescribe, from time to time, by rules published in the Gazette of India, the minimum rates of fare or freight between any ports in India or to prohibit by notification published in the said Gazette the grant of any rebate or concession which in his opinion amounts to unfair competition.

Penalties.

3. Any person who in the opinion of the Governor General in Council contravenes any such rule or prohibition shall be punished with fine which may extend to Rs. 10,000, and shall also be liable to be debarred from taking any ship into any port in India under the control of the Government of India or of any Provincial Government for such period or under such conditions as the Governor General in Council may direct.

Explanation.—A person shall include any company or association or body of individuals whether incorporated or not.

Power to make rules.

4. The Governor General in Council may by notification, make rules for carrying out the purposes of this Act. In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

(*a*) for the procedure for complaint against or report about unfair competition ;

(*b*) for enquiry into such complaint or report ;

(*c*) for the imposition of the penalty of refusal of entry of any ship into any port and for the enforcement thereof.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to remove a possible impediment to the growth and development of the Indian Mercantile Marine. There is no question of any discrimination between British and Indian shipping. Past experience, however, shows that a well established powerful company engaged in coastal traffic can easily put a new venture out of action by unfair competition, *e.g.*, rate-cutting, grant of rebates, etc. The fear of unfair competition deters Indian capital being invested in coastal shipping. If the Governor General in Council be given power to prevent such competition, the fear will be largely allayed and a new line of commercial activity may be opened out to Indians. By this Bill, power is given to the Governor General in Council, when he is satisfied that unfair competition exists, to fix minimum rates of fare and freight or to prohibit the grant of rebates or other concessions which are calculated to reduce such minimum rates. Contravention of any rule prescribed by the Governor General in Council or any direction given by him with regard to the grant of concessions is made punishable with fine or refusal of entry to an Indian port.

A Bill further to amend the Indian Arms Act, 1878.

WHEREAS it is expe dient further to amend the Indian Arms Act, 1878, in order to make a uniform law with regard to possessing and going armed with "Kirpans" ; It is hereby enacted as follows :— XI of 1878.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Arms (Amendment) Act, 193 .

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on such day as the Governor General in Council may by notification appoint.

Amendment of section 5, Act XI of 1878.

2. In section 5 of the Indian Arms Act, 1878,— XI of 1878.

(*a*) after the words "any arms," occurring in line 2, the words "except Kirpans" shall be inserted ; and

(*b*) the following proviso shall be added at the end, namely :—

"Provided no licence shall be required by Sikhs both "Kesadharis and Sahijdharis" for possessing or carrying Kirpans of any size."

---

*The Governor General has been pleased to accord the sanction required by section 67 (2) (*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to safeguard the interests of Sikhs in observing the dictates of their religion in the matter of possessing or carrying Kirpans, and to make the law in connection therewith uniform in the whole of British India. At present the rules made under the Act, in different provinces on this point, are divergent and conflicting, making it penal in one province to carry or possess this religious symbol of a particular size or form what is recognized as perfectly valid and legitimate in another. A Sikh and his religion are the same in any part of India. The symbol of his religion cannot change with the place, and to enforce such a change is active interference with religion. There have been many instances when a Sikh has been deprived of this mark of his religion and heavily sentenced for observing it, on crossing the boundary of one province into that of another. Nor is differential treatment of the same person in different parts of his country justified by the local conditions. A Sikh is as good a citizen in one province as in another. Sikhs are spread over the whole of the country and freely move about from one end of it to another, being actively engaged in all walks of life and in all professions and crafts. In these circumstances it is necessary that the amendments proposed by this Bill be made into law. There are two kinds of Sikhs in India, one who wear hair on the head and keep some emblems, and the other are Sikhs by faith called "Sahijdharis" who are numerous in Sind. This Bill is intended to apply to both classes.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 29 OF 1936.

A Bill to fix the maintenance of widows in joint Hindu families.

WHEREAS it is expedient to fix the maintenance to which widows in joint Hindu families are entitled ; It is hereby enacted as follows :—

Short title and application.

1. (*1*) This Act may be called the Hindu Widows' Maintenance Act, 193 .

(*2*) It applies to those parts of British India where the Mitakshara school prevails.

Maintenance for a widow in a joint Hindu family.

2. A widow of a deceased coparcener in a joint Hindu family not having any son shall be entitled to get as maintenance a life estate in the share which her husband, if alive, would have got on partition in the joint family property, such widow being further entitled to demand for her maintenance a partition in the same manner in which her husband, if alive, would have been entitled to.

---

*The Governor General has been pleased to accord the sanction required by section 67 (2) (*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The lot of widows of coparceners in joint Hindu families governed by Mitakshara Law is generally a pitiable one. No doubt according to the existing law such widows are entitled to maintenance up to the amount of the annual income of the share to which her husband would have been entitled on partition, if alive. But in practice the amount of maintenance awarded by Courts is generally much below such amount. Besides the widow's right is held to be liable to be defeated by a transfer of the joint family property to a *bona fide* purchaser for value without notice of the widow's claim for maintenance. It is also held to be liable to be defeated by a transfer to a purchaser for value even with notice of the claim unless the transfer is made with the intention of defeating the widow's right and the purchaser had notice of such intention. This Bill is therefore brought to ensure such widows a right to maintenance which is not dependent on the mercy of her deceased husband's coparceners and the extent of which is unaffected by the whims of the Judge.

The following Bill* was introduced in the Legislative Assembly on the 17th April, 1936 :—

L. A. BILL No. 30 OF 1936.

A Bill to secure a share for Hindu Widows in their husbands' property.

WHEREAS it is expedient to secure a share for Hindu widows in their husbands' property; It is hereby enacted as follows :—

Short title and extent.

1. (*1*) This Act may be called the Hindu Widows' Right of Inheritance Act, 19 .

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

Definition.

2. In this Act, unless there is anything repugnant in the subject or context, " Widow " means the widow (and in case of there being more than one widow all the co-widows) of a man who at the time of his death was governed by Hindu Law.

Widow's right to share in joint family property of her husband.

3. Where the husband of a widow was at the time of his death a member of a joint Hindu family, she shall be entitled to such share of the joint family property as her husband would have been entitled to, had a partition taken place in his life time, and may also sue for partition.

This share shall become her absolute property.

Provided that, should a widow adopt a son to her deceased husband, the husband shall, for the purposes of this Act, be deemed to have been at the time of his death a member of the joint Hindu family with the adopted son.

Widow's share to be absolute property.

4. Where the husband of a widow was not at the time of his death a member of a joint Hindu family, she shall, subject to the right of another widow, take his property absolutely and not merely as a life interest.

Widow's share to be exclusive of her personal property.

5. A widow's share under this Act shall be exclusive of her independent personal property and her stridhan.

Widow's claim to maintenance to cease on partition.

6. A widow's claim to maintenance from the funds of a joint Hindu family shall cease on the partition and seperation of her share as provided in this Act.

---

*The Governor General has been pleased to accord the sanction required by section 67(2)(*b*) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The Hindu Law of Inheritance, so far as widows are concerned, is unsatisfactory and unjust, and their position under it is deplorable.

After tracing the growth of widows' rights, Mayne says that Mitakshara arrived at the conclusion that " the widow is entitled to inherit to her husband, if he died separated and not reunited and leaving no male issue, and this rule is now adopted universally except where the authority of Jimuta Vahana prevails", p. 762. He adds " It is therefore equally settled in Bengal that a widow succeeds to her husband's share when he is undivided just as she would to the entire property of one who held as separated." But even in Bengal the widow of a son who predeceases his father undivided inherits nothing.

A widow's right is practically a right to maintenance and no more.

In practice a widow in Hindu society is at the mercy of coparceners. Even though her husband may have amassed the entire wealth of the family and she may, during his life time, have lived a life of affluence and luxury, as soon as he dies, the entire property goes to the surviving male members of the family and she becomes thenceforth only entitled to maintenance, which, as popularly understood, denotes bare means of living.

This rule operated well in olden days when the guiding principle was Dharm-duty, and the principles and ideals underlying the joint Hindu family system were properly understood and fully acted upon by members of the family in a spirit of self-sacrifice and self-effacement. But with the disappearance of those ideals which the joint Hindu family system necessarily demanded, the utter selfishness and callousness now creeping in the society, the non-observances of the principles on which this system was originally based, the gradual and slowly continuing disintegration of the forces of joint family system, and various other causes all due more or less to the acceptance of new ideas of life and conduct and the influence of foreign culture and contact, the Hindu Law of Inheritance has begun to operate against women with a disastrous effect and their lives are becoming difficult and distressful and often miserable; while the condition of widows has become intolerable and in many cases appalling.

The present Bill proposes to give relief to Hindu widows by giving them a share in family property and making them sole owners of their deceased husband's personal property.

Resolution on the Triennial Report on the working of the Hospitals and Dispensaries in Bengal for the years 1932, 1933 and 1934.

GOVERNMENT OF BENGAL.

Local Self-Government Department. Medical.

CALCUTTA, THE 1ST JUNE 1936.

RESOLUTION—No. 2365Medl.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Read—

The Triennial Report on the working of the Hospitals and Dispensaries in Bengal for the years 1932, 1933 and 1934.

PART I.

Calcutta hospital and dispensaries.

The total number of hospitals and dispensaries remained the same as in the previous triennium, viz., 44. Six of these institutions were exclusively for the treatment of females. Twenty-three hospitals had provision for in-patients, while the rest treated out-patients only. A noteworthy advance in the facilities for indoor accommodation was made during the triennium under review in the hospitals in Calcutta which increased the number of their beds by 221. The largest share of this increase was contributed by the Calcutta Medical School which opened a new building with 100 beds. The Chittaranjan Hospital added 46 beds by opening a Cholera Ward, and providing for more paying beds in the general wards. There was also an addition of 30 beds in the Carmichael Medical College Hospital, and 24 in the Medical College Hospital. Even with this welcome increase, however, the accommodation for in-door patients fell far short of the needs of the city. The practice of providing extra beds in the verandahs and elsewhere in times of emergency continued, but the number of such emergency beds has not been taken into account.

Attendance and admission.

The total number of in-door patients treated during these three years was 189, 636 as compared to 159, 530 in the previous triennium, showing an increase of nearly 19 per cent. As there was an increase of only 5 per cent. in the number of beds, it is obvious that a much greater use of beds was made in this triennium than before. The aggregate number of out-door patients treated during this period was 2,551,819, showing an increase of 514, 139 or 25 per cent. over the preceding triennium. This increase may be attributed partly to the growing popularity of the hospitals, but economic depression was undoubtedly also a contributory cause. The Medical College group of hospitals secured, as usual, the highest record of patients in the in-door as well as in the out-door departments.

The system of appointing honorary medical officers in Government hospitals was very considerably expanded during the triennium under review. The Minister cordially endorses the tribute paid by the Surgeon-General to the valuable services rendered by these honorary workers.

Nursing.

The nursing services at the Medical College Hospitals and at the Presidency General Hospital were conducted by the Calcutta Hospital Nurses Institution with the aid of a subvention from Government. The finances of the Institution, which depends largely on public benevolence, underwent a serious shrinkage with the result that towards the close of the period under review Government had to help it with an additional grant of Rs. 53,000. Additional revenue was raised by imposing a scale of fees on operations on paying patients in cabins, turrets, cottages and paying wards in the Medical College group of hospitals. This additional revenue was utilised for meeting the extra expenditure on nursing arrangement.

The Bengal Nursing Act, 1934, for the provision of registration of nurses and midwives and securing better training was put into force after the close of the triennium. The problem of nursing in the State institutions in Calcutta was investigated by a committee. The committee's report reveals the fact that except in a few women's hospitals and in

the Presidency General Hospital, nursing arrangements are inadequate and in some cases wholly unsatisfactory. The various proposals made in the report of the committee for the provision of more adequate nursing are under the consideration of Government. The proposals involve the extension of training to Indians, male and female. If Indians of the right type can be attracted to this profession, the problem will not only be solved to a large extent, but there will be considerable economy in the cost of nursing. An all-round improvement in nursing would, however, require considerable outlay, and although Government fully realise the desirability of providing improved nursing facilities, it is feared that the adverse financial conditions of the province may stand in the way of effecting a marked progress in the near future.

Finances.

The gross income of State, local fund, and aided hospitals in Calcutta during the three years amounted to Rs. 1,04,17,788, showing an increase of Rs. 5,80,537 over the preceding triennium. Contributions from Government accounted for Rs. 51,08,745 or 49·09 per cent. of the total receipts. Of this amount Rs. 3,76,257 was given as grants-in-aid to non-Government institutions, the remainder being spent on the maintenance of the State hospitals. Subscriptions and donations yielded Rs. 10,51,253 against Rs. 5,79,589 in the previous triennium. Municipal contributions amounted to Rs. 13,52,837 as compared to Rs. 11,57,530. There was an encouraging increase in receipts under the heads " Subscriptions and Donations " and " Miscellaneous " which latter includes fees from paying patients and other fees. The increase in donations was largely due to the generosity of Mrs. M. H. Mauger who made a gift of Rs. 3,07,000 to the Eden Hospital, and Rs. 2,73,992 to the Carmichael Medical College Hospital. Although there was a large increase in the municipal contributions over the figures of the preceding triennium, these have shown a tendency to fall gradually in the years under review.

The total cost of maintenance of the Calcutta hospitals, excluding investment, amounted to Rs. 95,27,170, during the period under report—an increase of Rs. 1,22,668 in spite of curtailment of expenditure and the enforcement of strict economy, especially in the case of the State hospitals.

Pasteur Institute.

A decentralised scheme for anti-rabic treatment was introduced with effect from 15th December 1933. The Pasteur Institute, hitherto located in the School of Tropical Medicine, was removed to a rented and commodious house in the suburbs suitable for manufacturing and bottling vaccines. The number of centres of treatment opened in hospitals under the control of local bodies stood at 136 at the end of December 1934.

The opening of these local centres have greatly improved facilities for anti-rabic treatment as patients are now able to obtain treatment very near their own homes and are saved the necessity of undergoing long and inconvenient journeys to Calcutta. The system has also led to considerable economy, as well as to increased receipts from the sale of vaccines.

The question of further decentralisation is now under consideration of Government.

PART II.

Mufassal hospitals and dispensaries.

The number of hospitals and dispensaries outside Calcutta and the town of Howrah at the end of the triennium under review was 1,266, representing an increase of 78 over the number at the end of the previous triennium, exclusive of 65 homeopathic, 11 ayurvedic and 4 unani dispensaries. The accommodation available for in-patients during the triennium rose from 5,751 to 6,000 beds of which 4,458 were for males and 1,542 for females. The above figures are exclusive of the few dispensaries which were temporarily established for special purposes.

The policy of improving facilities for rural medical relief by encouraging the establishment of dispensaries at thana headquarters and villages by means of an annual subsidy of Rs. 500 to each thana and Rs. 250 to each village dispensary was continued during the triennium in spite of financial stringency. The triennium opened with 264 and closed with 305 dispensaries in receipt of these grants.

Attendance.

The total number of out-door patients treated at permanently established hospitals and dispensaries in the mufassal during the three years under review was 26,800,821 against 24,899,278 in the preceding triennium, representing a net increase of 7·64 per cent. against a net increase of 9·37 per cent. in the previous triennium. The number of in-door patients treated during the corresponding period was 255,305 against 238,946 during the preceding triennium. The increase is reported in some cases to have been due to general unhealthy conditions prevailing during the period while in others it is attributed to the popularity of the hospitals and growing faith in hospital treatment. The general economic depression as well as the provision of a larger number of beds no doubt also contributed to the increase. As before, the Dacca Mitford Hopital treated the largest number of in-patients, the Burdwan Fraser Hopital and the Darjeeling Victoria Hospital respectively following next in order. The number of patients treated at dispensaries following other than the system of Western medicine was 1,462,116 against 1,437,106 during the previous triennium.

Nursing.

The nursing arrangements in the mufassal hospitals continued to be as unsatisfactory as before. Trained nurses were maintained only in a few hospitals. Elsewhere, nursing was of the primitive type, being entrusted to female attendants, ward servants, compounders, and friends and relatives of patients.

Finances.

The gross receipts of all institutions outside Calcutta and Howrah amounted to Rs. 80,19,957 as against a total of Rs. 73,66,140 in the preceding three years. Contributions by Government amounted to Rs. 9,94,078 or 12·41 per cent. against 15·74 per cent. in the preceding triennium. The fall in Government contributions was due to general measures of economy and retrenchment necessitated by financial stringency which handicapped Government during the tr ennium. Municipal and local fund contributions amounted to 60·75 per cent. against 60·09 per cent. and subscriptions and donations accounted for 11·07 per cent. compared to 11·84 per cent. during the previous three years. Excluding investments, the total expenditure on the three classes of dispensaries during the triennium was Rs. 74,79,917 against Rs. 70,69,970 in the previous triennium.

Diseases.

(*i*) *Malaria.*—Malaria continued to account for the largest number of patients treated, viz., 9,123,748 against 7,196,318 during the previous three years.

(*ii*) *Kala-azar.*—During the period 199,966 patients suffering from kala-azar were treated against 179,202 during the previous triennium. It appears from the medical statistics that there has been a recrudescence of this disease in the latter part of the triennium in some parts of Bengal. The statistics of this and other most important diseases are discussed in the resolution on Public Health in greater detail in reference to the annual mortality figures.

(*iii*) *Cholera.*—The number of cholera patients treated fell from 31,252 in the preceding triennium to 17,833 during the triennium under report. There has been a steady decrease in the incidence of this disease and this satisfactory result may be attributed to the preventive work of the public health organisation under the guidance of the Public Health Department and to better supply of pure drinking water due to the sinking of a large number of tube-wells and other sources of water-supply.

(*iv*) *Epidemic dropsy.*—Epidemic dropsy accounted for 15,072 patients as compared with 10,919 during the previous triennium.

(*v*) *Tuberculosis.*—Tuberculosis of the lungs accounted for 38,672 patients against 34,233 during the preceding triennium. It is regrettable that the figures for the individual years indicate a gradual increase in attendance and admission for tubercular disease of all types. It is feared that the figures would have shown an even larger increase had ampler accommodation for this class of patients existed.

Medical education.

Medical education up to the standard of the M. B. degree of the Calcutta University and the L. M. F. diploma of the State Medical Faculty was imparted as usual in the two medical colleges, viz.,

the Calcutta Medical College, a State Institution, and the Carmichael Medical College, which is an aided one.

The Surgeon-General has drawn attention to the decline in the average number of passed candidates, which is partly attributed to a stiffening of the standard of examination.

The number of medical schools was the same as at the end of the last triennium, viz., nine. Of these six were Government institutions, two were aided by Government and one was an entirely private school located at Bankura.

The problem of improving the hospital attached to the medical school at Jalpaiguri so as to provided adequate material for clinical training of the medical students engaged the attention of the Minister who convened a conference of Chairmen of the district boards and representatives of the planting community in order to enlist their support and co-operation in a scheme for improving and enlarging the hospital. As a result of the conference the district boards of the Jalpaiguri division have agreed to contribute to the capital cost of the improvement by joining, in proportion to their cess income, in raising a loan of Rs. 1,28,000 and the local tea industry of Jalpaiguri and the Bengal Duars Railway Company have agreed to join with the district boards in meeting the future recurring expenditure of the hospital on condition of all these bodies being duly represented on the managing committee of the hospital.

Since the close of the triennium preliminary arrangements have been completed and structural alterations taken in hand. His Excellency the Governor laid the foundation stone of the new buildings which are progressing rapidly, and it is anticipated that a well-staffed and well-equipped modern hospital associated with the medical school will soon be available at the headquarters of this division. The adoption, in other divisions, of a similar "Divisional Hospital Scheme", for improving the hospitals attached to medical schools is now engaging the attention of Government.

General Remarks.

The working of the hospitals and dispensaries showed a steady though slow progress during the period under review and in spite of adverse financial conditions care was taken to maintain the general level of efficiency in the medical administration of the Presidency.

The Minister frankly realises the fact that many improvements are urgently required. In particular, it is realised that the condition of many of the hospitals at headquarters of districts continues to be deplorable, owing to inadequacy of the resources of the local bodies which are charged with their maintenance. The subject of, the contribution to these sadar hospitals by local bodies and the improvement of local resources is under the consideration of Government, but much must necessarily depend on an improvement in the general financial situation. In the meantime a survey has been taken up of the urgent needs of these hospitals in regard to buildings, equipment and establishment.

In concluding this review of the working of the hospitals and dispensaries for the last triennial period, the Minister desires to note his gratification at the great stimulus which rural medical relief has received from the Central grant for rural uplift since the close of the triennium. A large proportion of the provincial share of this grant has been earmarked for distribution towards the establishment of union board dispensaries. Under this scheme the whole of the capital cost of a village dispensary, viz., cost of a type plan building amounting to Rs. 1,100 *plus* cost of equipment estimated at Rs. 500 as well as that of a tube-well where necessary, is being contributed by Government on condition that the recurring expenditure for maintenance is guaranteed from local sources. Allotments, which have been completed on the above basis, are expected to bring into existence 139 additional rural dispensaries in the various district of the province.

Conclusion.

The thanks of Government are due to the various officers who administered the Medical Department during the triennium and to Major-General D. P. Goil for his interesting report.

CALCUTTA, THE 1st JUNE 1936.

RESOLUTION No. 4782L.S.-G.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Read—

The reports of the Commissioners of Divisions on the working of district and local boards in Bengal during the year 1933-34.

1. **District boards.**—The total number of members of the 26 district boards in the Presidency was 694, showing a decrease of two owing to casual vacancies which were not filled up during the year. Of this number 102 were appointed ex-officio, 144 were appointed by name and the rest were elected The District Magistrate continued to be Chairman of the district boards of Bankura and Midnapore. In all the other boards the Chairmen were elected, except in Darjeeling which remained the only board constituted under the old system with the Deputy Commissioner nominated to the Chair. The number of meetings held during the year was 365 of which two failed for want of quorum and 8 were adjourned.

2. **Local boards.**—The number of local boards was 84 as in the previous year and their total membership increased by 7 from 1,376 to 1,383. The eleven seats in Midnapore left vacant in the preceding year were filled up but four seats in other local boards remained unoccupied Of the members 83 were ex-officio, 439 were nominated and 861 elected. In all but the three local boards of Darjeeling, the Chair was filled by election from among the members.

Altogether 738 meetings were held Of these 6 proved abortive for want of a quorum and 21 were adjourned. The average percentage of attendance was highest (92.0) at Bongaon and lowest (46.1) at Kandi.

Beyond their functions as electoral colleges the local boards with their delegated powers and resources have very little independence, work or responsibility The grants from district boards earmarked for particular objects have in several instances shown a tendency to grow smaller and in the case of some local boards the money of which they have the spending barely equals the overhead charges of running separate establishments. As a link between the union board and the district board they are of not much consequence.

3. **Union Committees.**—There were 12 union committees in the Presidency as in the previous year. Of these 7 committees were in Midnapore and 5 in the 24-Parganas district The union committees of Contai and Danton levied a local tax under section 118C of the Local Self-Government Act but the others depended solely on allotments from district boards.

4. **Financial features.**—The progressive increase in the revenues of district boards noticed since the year 1931-32 was maintained during the year under review.

The income of these bodies rose by over 12 lakhs to Rs. 151.8 lakhs. This increase occurred mainly under two heads viz., civil works (Rs 7.16 lakhs) and local rates (Rs. 3.60 lakhs). The bulk of the increase under the former head was attributable to grants made by Government from the Provincial share in the road account and the motor vehicles tax fund. The enhanced receipts under local rates is accounted for by cess revaluations in some districts and by improved collections in others. An outstanding instance of improvement in collections is furnished by Rangpur (Rs. 1,39,018) brought about by extensive and systematic application of section 99 of the Cess Act.

The total expenditure chargeable to current income rose from Rs. 139 66 lakhs to Rs. 146 09 lakhs. The expenditure under the head "Civil Works" increased from Rs. 50.64 to Rs. 57.90 lakhs and under "Medical" from Rs. 34.66 to Rs. 35.74 lakhs.

The closing balance at the end of the year was Rs. 41.64 lakhs.

5. **Education.**—The income and expenditure under this head amounted to Rs. 21.59 lakhs and 37.22 lakhs against Rs. 21.58 and 37.52 lakhs respectively in the previous year. Twenty-one lakhs of this expenditure were met by Government grants-in-aid. The expenditure on primary education was Rs. 27.98 against Rs. 28.18 lakhs in the preceding year.

The number of upper and lower primary schools maintained and aided by district boards was 52,954 with 1,730,661 pupils of whom 423,925 were girls.

The primary schools in the union board areas in the district of Burdwan continued to be under the management and control of the union boards. All the district boards maintained their free primary schools and several added to the number of such schools. Howrah maintained 7 model primary schools under Mr. Griffith's scheme. The district board of Murshidabad aided a special primary school for Santals and other backward communities.

The Commissioner of Rajshahi Division has brought to the notice of Government the tendency of certain boards to defer payments of the small stipends to the village primary schools whenever there is lack of ready money. As it is, these grants-in-aid are far from lavish and the teachers have to seek other ways of supplementing their income. The Minister cannot too strongly impress on the boards the importance of avoiding defaults in distribution of stipends and grants-in-aid. It is rather unfortunate that comparatively few district boards have as yet elected to participate in the optional scheme sanctioned by Government under which they have agreed to place their existing allotment for primary education at the disposal of the district school boards to be formed under the Bengal Rural Primary Education Act of 1930.

There were 50 technical and industrial schools managed or aided by the district boards imparting education to 1,751 pupils in various subjects, such as agriculture, carpentry, smithy, motor car repairs, earthenware, dyeing and weaving.

Hooghly made a special feature of its night schools, as many as 34 night schools for labouring classes being aided and recognised by the Board.

As usual several district boards gave grants-in-aid to *tols* and *madrassas*. The Chittagong district board devoted special attention to Muhammadan education.

The district board of Bankura paid a contribution of Rs. 2,400 to the Medical School and made grants to two schools for music—one of them being for girls. It also aided an institution for promotion of Ayurvedic education and a school of physical culture. The Deaf and Dumb School at Mymensingh continued to obtain liberal assistance from the district board.

6. **Public health and medical relief.**—The total outlay under the head "Medical" amounted to Rs. 35·44 lakhs, showing an excess of Rs. 1·08 lakhs over the expenditure of the preceding year. The main increase was under "Sanitation and vaccination" which accounted for Rs. 19·37 lakhs as against Rs. 17;27 lakhs in 1932-33.

The total number of dispensaries maintained or aided by the district boards including a number of homeopathic and a few ayurvedic dispensaries rose by 19 to 1,029—an average of one dispensary for every 67 square miles of area and for every 45,000 of the population.

Six hundred and thirty-four dispensaries were maintained by district boards at an average cost of Rs. 1,785 per dispensary and 395 institutions were aided at an average cost of Rs. 894 per dispensary. The total cost of maintenance varied from Rs. 2,249 in Jalpaiguri to Rs. 685 in Faridpur.

Annual subsidies were granted as usual by Government to thana and village dispensaries which satisfied the conditions attached to the grant and it is satisfactory to note that these grants-in-aid have been effective in promoting the establishment of at least one dispensary in every thana.

In several districts neighbouring union boards are pooling their resources and starting local dispensaries in increasing numbers. This is a move in the right direction and while district boards should encourage these institutions with suitable grants it should generally be left to the union boards to manage and finance them. This would enable the district boards to pay greater attention to preventive work and to contribute in a larger measure towards the maintenance of a well-equipped and

well-staffed hospital at district headquarters and thereby to improve the standard of medical relief.

A scheme was launched during the year for having a first class modern hospital at Jalpaiguri, the headquarters of Rajshahi Division, by improving the hospital at that place attached to the Jackson Medical School and thereby also securing the continued existence of the school which had been threatened with disaffiliation by the State Medical Faculty for inadequacy of hospital arrangements. The scheme involves financial support to the hospital on the part of the district boards in the division and also of the tea and other interests concerned.

The installation of an X-ray apparatus in the Sadar hospital at Rangpur deserves special mention.

During the year under review Government initiated the decentralised scheme of anti-rabic treatment. Improved methods have made it safe to bottle anti-rabic vaccine and to send it down to districts to be administered by local practitioners without much special training. Under this scheme local bodies who control the hospitals are made responsible for the treatment. They are charged Rs. 5 per treatment *plus* postage and are entitled to recover up to Rs. 10 from all paying patients, all indigent patients being treated free of charge. It is satisfactory to note that the local authorities were, on the whole, found keen and willing in taking up the work.

Public health.— The public health activities of the district boards consisted as usual in combating the outbreaks of epidemic diseases by preventive and curative measures. The education of public opinion in villages in the general principles of sanitation and hygiene by lantern lectures and other demonstrations formed an important feature in the activities of the health staff of almost all the boards.

Apart from malaria and kala-azar the principal diseases which are liable to appear in epidemic form are cholera and smallpox. Prompt and adequate action is reported to have been taken against cholera and smallpox by means of anti-cholera inoculations, by enforcing vaccination and revaccination and by the adoption of other sanitary measures including propaganda. Unfortunately in spite of the above means these two diseases broke out in epidemic form in several districts and were attended with considerable loss of human life.

The problem of malaria in the rural areas forming the most serious cause of mortality and debility still remains largely unsolved. But the efforts of the local bodies in this direction so far as they go deserve praise. These consisted mainly of the usual methods of—

(1) filling up of dobas and cleansing of tanks.
(2) re-excavation and clearance of silted up drains and khals,
(3) jungle cutting,
(4) kerosinization of stagnant pools, and
(5) prophylactic quininisation.

Many co-operative anti-malaria societies and health associations assisted and did good work in combating the diseases.

The experiment to control malaria by the use of plasmochin and quinine under the supervision of the Public Health Department in Memari thana of Burdwan district was continued during the year and resulted in considerable success.

The Nabaganga-Mathabhanga scheme initiated by the district board of Nadia in co-operation with the Jessore district board was completed during the year and flood water entered the cut with good results.

The Commissioner of the Burdwan Division reports that the experiment in flushing certain areas in the Midnapore district was followed by a decrease in the incidence of malaria.

The scourge of kala-azar was also fought by an extensive provision of treatment in dispensaries and by the opening of treatment centres in affected areas.

Outdoor treatment of leprosy received special attention in several districts, and notably in Bankura, Midnapore and Burdwan.

Public health organization scheme.— Five hundred and seventy-five thana health units have now been set up throughout the province (except in some backward and undeveloped tracts) under the rural public health organization scheme which was inaugurated in

August 1927, and for which Government now make a total annual contribution of about Rs. 11 lakhs to district boards. These health units, though necessarily inadequate and providing merely a skeleton health organization in rural areas, have proved to be of immense benefit in combating epidemics of cholera and smallpox and have achieved considerable success in rousing the sanitary conscience of the rural public. The Minister has, however, reason to think that the efficiency of this rural health staff could be greatly improved in many districts by a closer control and supervision on the part of the District Health Officers.

Government cinema parties are reported to have done useful work in respect of health propaganda. A scheme of propaganda on health and rural reconstruction with the help of cinema outfits was inaugurated by the four union board associations of the district of Rangpur. A cinema outfit with some films was purchased for each subdivision and propaganda on health, sanitation, agriculture and allied subjects was carried on from village to village. The district board made a total grant of Rs. 1,000 which was distributed equally between the four union board associations. The results of the experiment are reported to have been very satisfactory and the Minister desires to commend this useful form of propaganda with the help of cinema outfits to other district boards.

Prevention of adulteration of foodstuffs continued to receive attention. The work of the district health staff generally compares favourably with that done in rural municipalities in this direction. The number of prosecutions show an increase and punishments were more adequate than in the preceding year. An appreciable check is claimed to have been exercised on the sale of adulterated food, particularly in the Chittagong Division.

7. **Veterinary.**—Progress in veterinary development received a setback owing to the financial difficulties of the past few years. The veterinary receipts decreased from Rs. 2,446 to Rs. 2,181 and the charges under this head fell slightly from Rs. 1,82,679 to Rs. 1,79,418.

Three new veterinary hospitals were opened at Jiagunge in Murshidabad, at Sariakandi in Bogra, and at Siliguri in Darjeeling, respectively.

The hosptial at Siliguri was brought into existence through the efforts of Darjeeling Himalayan Society for Prevention of Cruelty to Animals acting in co-operation with the district board. Stud bulls were maintained by most district boards. The district boards of Rajshahi and Malda purchased young stud bulls through the agency of the Live Stock Officer at Rajshahi and these were distributed in consultation with him to various places according to the needs of the respective localities.

Propaganda work in the direction of animal husbandry was done by the local staff by means of magic lantern lectures in melas, fairs and public health exhibitions. The Government cinema parties also helped in this direction.

Cattle epidemics were reported only from Pabna and Khulna. These were, however, quickly brought under control.

8. **Civil Works.**—The income under this head rose from Rs. 15,68,884 to Rs. 22,85,331. The increase was shared by all the divisions and was principally due to allotments from the provincial share in the Road Account and the Motor Vehicles Tax Fund. The aggregate expenditure under the head amounted to Rs. 57,89,817 against Rs. 50,64,027 in the preceding year, representing about 35 per cent. of the total expenditure of the boards, so that the downward trend in expenditure appears to have been checked. The increase was shared by all the divisions and occurred chiefly under the sub-heads "Buildings," "Communications," and "Water-supply (original)". The total expenditure on "Communications" was Rs. 35.50 lakhs against Rs. 29.76 lakhs in the preceding year. The increase is welcome although it is offset by the fact that the rise in expenditure was mainly owing to subventions from the Central Road Fund and the proceeds of the Motor Vehicles Tax. In course of disbursement of the latter grant, it came prominently to notice that in respect of a large number of district boards the bulk of the loss of receipts was counterbalanced by diversion from this head and cuts were freely made from the provision for communications whenever money was wanted for other purposes.

The increase of expenditure amounting to Rs. 2.41 lakhs in the Dacca Division was due principally to expenditure

against contributions from the Road Fund on the reconstruction of Dacca-Narayanganj and Mymensingh-Tangail Roads.

In the Presidency Division the district board of 24-Parganas was responsible for the increase of expenditure, having spent Rs. 2·57 lakhs on repairs of roads compared with Rs. 1·74 lakhs in 1932-33. Khulna, at the other end, reduced its expenditure largely owing to loss in cess income resulting from a reduction of the rate.

All districts in the Burdwan Division with the exception of Bankura showed an increase in expenditure on this head, Howrah, with an increase of over half a lakh, heading the list.

All the three districts in the Chittagong Division were able to add to their expenditure. In the Rajshahi Division, while two districts, viz., Rangpur and Dinajpur showed small decreases over the preceding year's expenditure, the rest contributed to the net increase.

The Jalpaiguri district board completed two fairly large bridges, one over the Karatoa and the other over the Neora river and the project of raising and shingling the Madarihat-Falakata Road nearly reached completion. The bridge over the Tangon river at Thakurgaon in Dinajpur was completed during the year.

The provision for the maintenance of roads works out generally at an unsatisfactory low average. The district boards would do well to avoid new commitments in the shape of original communications unless and until they can pay adequate attention to keeping the existing roads in repair.

It is desirable in the interests of ordered development of communications that all district boards should draw up a 5 years' programme which should be worked up to as finances permit. The Minister trusts that advice to the above effect given by Government from time to time for the last 20 years will be attended to by the boards.

9. **Water-supply.**—The total expenditure on water-supply rose from Rs. 5,51,924 in 1932-33 to Rs. 5,96,753. Commendable activity was shown by many district boards and their local boards in increasing the sources of water-supply in the rural areas, mainly in the shape of tube-wells and masonry wells.

At the head of the list is Bogra, which sank 385 tube-wells during the year and brought the total number of tube-wells sunk during the last 3 years in the district to 794.

The three local boards of Midnapore (excepting Jhargram) sank 269 tube-wells during the year. The introduction of tube-wells in Contai is reported to have brought about a marked reduction in epidemics of cholera.

The Burdwan district board excavated one tank, 92 tube-wells and 46 masonry wells.

In Hooghly the problem of water-supply for drinking purposes is said to have been solved to an appreciable extent. The tube-well scheme has succeeded in this district and it is reported that there is now hardly any village without at least one tube-well.

Howrah met the bulk of expenditure on construction and reconditioning of tube-wells from a loan taken from Government for this purpose.

Several district boards were alive to the necessity of arrangements for the proper maintenance of these tube-wells.

In the district of 24-Parganas a staff consisting of one inspector, one mechanic and six mistries were maintained to look after the tube-wells.

The Bogra district board maintained a staff of six tube-well mechanics for repairs of its existing tube-wells. Each of these mechanics was in charge of two police-stations. Khulna employed an inspector of tube-wells.

Murshidabad completed 80 tube-wells, the district board of Khulna sank 81 tube-wells and Faridpur sank 79 during the year. The district board of Tippera reconstructed 27 tube-wells which had fallen into disuse.

The district board of Dacca maintained the waterworks of Munshiganj at a total cost of Rs. 3,406 and paid the usual annual subsidy of Rs. 500 towards the maintenance of the Manikganj waterworks. Tippera contributed Rs. 2,000 to the Brahmanbaria municipality for water-supply.

The whole question of devising ways and means for conservation of tube-wells is under examination by Government.

Other kinds of sources of water-supply especially in districts and areas where tube-wells were not considered suitable received the attention of the district

boards. Tanks were excavated or repaired in many districts. In others masonry and concrete wells as well as pottery wells were sunk in fairly large numbers.

Bakarganj added only two new tanks to its number of reserve tanks while excavation of 4 others was taken up. The board has at present 370 reserve tanks under its direct control excluding 102 tanks in the Colonisation and Khasmahal areas towards which it had made contributions.

Government make fairly large annual grants-in-aid of definite schemes for improvement in water-supply in rural areas. It is desirable that there should be co-operation between Government and the district boards regarding the distribution of their respective grants in order that the allotments may be spent to the best advantage and the danger of overlapping may be avoided. To secure this end it appears to be necessary to maintain proper records of all sources of water-supply.

The problem of water-supply in rural Bengal is a vast one and in spite of the best efforts of Government and the local bodies it will take several years to solve the problem if it is tackled on a definite and systematic programme.

It was with that object in view that Government laid down in 1929 a policy of granting loans to district boards on extremely advantageous terms for comprehensive rural water-supply schemes. Very few boards have, however, thought fit so far to take advantage of the loan policy although Government have pressed it upon the notice of district boards from time to time. The Minister desires once again to remind the district boards of the loan scheme and urges them to come forward with comprehensive programmes. There should be no hesitation now that the fall in the income of the district boards has been definitely checked.

General remarks.—The revision of the Bengal Local Self-Government Act III of 1885 which was overdue was made by the amending Bengal Acts XXIV of 1932 and III of 1933. It may be useful to give a brief summary of the important changes made in the law governing the district and local boards.

The members of district and local boards were required to begin their office with an oath of allegiance to the Crown and provision was made for the appointment of a second Vice-Chairman and an Executive Officer in order to ensure better supervision of the activities of the district boards.

A statutory Public Health Committee of the district board was brought into existence and the district boards were enabled to undertake all measures, consistently with their finances, for ensuring the public health of the districts. They were empowered to require private owners to cleanse or drain unwholesome tanks, pools and premises. Provision was made in the amending Act for compelling owners of *melas* and fairs to take out licenses and to comply with conditions regarding sanitary control.

Powers of the district board were extended in the matter of making grants-in-aid to schools and libraries. Corrupt practices in regard to elections were defined and penalised.

With a view to increasing the income of the district boards provision was made for crediting to the District Fund all fines realised within their areas under the Bengal Vaccination Act, 1919, and power was taken for licensing private *hats*, markets, fairs and *melas*. District boards were empowered to make grants-in-aid towards works and measures for improving agriculture and provision was made for authorising district boards to undertake the maintenance of arterial communications which, while passing through municipal areas, essentially serve the interests of the district as a whole. Power was also taken by passing the Local Self-Government (Amendment) Act III of 1933 to secure representation of a minority community on the district board, by declaring, where necessary, a particular community as a minority community and by reserving seats for it on both local and district boards.

Comments have been made in appropriate places on the drawbacks and defects which came to notice as well as the commendable features of administration of the various boards. Although cases of irregularities have not been absent and the reports of auditors showed many instances of defective control and lack of supervision, Government consider that the actual working of the boards has on the whole been satisfactory and that they have, generally speaking, emerged fairly well out of the trying time of depression. It is regretted that audit and inspection notes

and especially the former, are not always given prompt and sufficient consideration and steps to remove serious shortcomings brought to notice are not readily taken.

Several of the Commissioners in their review have referred particularly to the unwillingness of district board to "face facts", and to pay due attention, in budgetting, to the cautious husbanding of their resources with a view to their utilisation to the best advantage and on essential matters. The general financial crisis brought to a head the difficulties attending on incurring of commitments without proper scrutiny. It is to be hoped that the local authorities have now gained experience which will be of great use to them in future.

Another common defect to which all Commissioners have drawn notice is the absence of sufficient financial assistance by the district boards to the union boards. With some exceptions, the district boards have transgressed against the repeated instructions of Government that a substantial share of the augmentation grant should be distributed among the union boards. Government trust that in future district boards will recognise their definite responsibility in assisting the development of these rural units of self-government.

Party faction was not prominent and the district boards kept themselves generally free from politics. The relations between the executives of the boards and the local officers of Government were generally marked by close co-operation.

The Minister takes this opportunity of thanking the following gentlemen whose names have been mentioned by the Divisional Commissioners for conspicuously good work done during the year :—

The Second Schedule above referred to.

Scheme for the management of the Jalpaiguri Sadar Hospital.

(1) The said endowment shall be called "The Jalpaiguri Sadar Hospital Charitable Endowment."

(2) The endowment shall be administered by a committee as hereinafter provided.

(3) The said Treasurer of Charitable Endowments shall permit the premises, furniture, fittings, instruments, appliances, stores, articles and effects described in Schedule I and also any other property that may be purchased or received in substitution therefor, or in addition thereto and the income of the securities described in the said schedule to be used and employed by the committee for the purposes of a General Hospital at Jalpaiguri for European, Indian or other patients.

(4) The expenses of carrying on the said hospital are expected to be provided by contributions by Government for services rendered or otherwise by voluntary subscriptions from the applicants referred to in the foregoing notification by the income of the said securities by public subscriptions and by such fees as the committee may recover from patients able to pay the same or otherwise, and all income obtained shall be receivable by the committee and shall be expended or dealt with by the committee as hereinafter provided.

(5) The committee may reserve any such part of the hospital for paying patients as they may think fit.

(6) The general management of the hospital shall be in the hands of the Civil Surgeon of Jalpaiguri for the time being.

(7) The committee may from time to time increase, alter or reduce the accommodation available for patients at the hospital and prescribe any qualification or rules for admission.

(8) The application of the said income of the hospital shall be in the discretion of the committee who may retain any part of such income as a reserve fund for emergencies, or in creating a fund for repairs, and may expend part thereof in insurance of buildings, special remuneration to officers or members of the staff of the hospital, advertisements, or other purposes which they may deem necessary or desirable, but subject, as aforesaid, such income shall be applied towards the upkeep and the working expenses of the hospital, including the purchase of additional premises (in the name of the Treasurer), which the committee may consider necessary or the erection of additional buildings, or the pulling down, rebuilding or alteration of existing buildings, or in the improvement or alteration of the compound or premises of the hospital, as the committee shall think fit.

(9) The committee shall meet and make such rules for the conduct of their business and for the management of the hospital as they shall think fit, but such rules shall provide that no business may be transacted by the committee at any meeting unless there shall be a quorum of not less than seven members present.

(10) At any prescribed meeting of the committee any question shall be decided by a majority of votes of those members present and in case of equality of votes the Chairman shall have a casting vote.

(11) The appointment and dismissal of the members of the hospital staff shall be in the hands of the Civil Surgeon or other officer in charge subject to such rules as the committee shall prescribe.

A combined competitive examination for admission to (1) the Indian Audit and Accounts Service, Imperial Customs Service, Military Accounts Department and Indian Railway Accounts Service; (2) the Postal Superintendents' (Class II) Service; and (3) the Transportation (Traffic) and Commercial Department of the Superior Revenue Establishment of the State Railways will be held in Delhi, commencing on the 17th November 1936, under the Rules and Regulations published in the *Gazette of India*, dated the 16th May 1936 and 9th May 1936, with Resolutions Nos. F. 13 (3)-Ref./36, S.-89/1 and E.-36-R.R.-5, respectively, and republished in the *Calcutta Gazette*. Candidates accepted for admission to the examination will be informed by the Public Service Commission at what place in Delhi and at what hour they should present themselves.

2. The examination will be a combined one for the purpose of filling vacancies in the services mentioned above. A candidate may apply to be admitted as a candidate for all or any of these services. If he wishes to be admitted as a candidate for more than one service he need send in only one application. He will be required to pay the fees mentioned in the Rules once only and will not be required to pay separate fees for each service for which he applies. If he proves successful as a candidate for more than one service, due consideration will be given to the preferences expressed by him at the time of his application, but the Government of India reserve power to assign him to any service for which he is a candidate, if in their opinion the exigencies of the public service render this desirable.

3. A candidate seeking admission to the examination must submit an application on the prescribed form in accordance with the rules on or before the 1st July 1936. Copies of the Rules and Regulations and the Application Form, etc., may be obtained from the Finance Department of the Government of Bengal.

4. No allegation that an application form or a letter respecting such form has been lost or delayed in the post will be considered unless the person making such an allegation produces a Post Office Certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

5. (*a*) Candidates for the Indian Audit and Accounts and allied Services, Imperial Customs Service and the Postal Superintendents (Class II) Service Examinations must have been born not earlier than the 2nd August 1911 and not later than the 1st August 1914, provided that candidates to whom the proviso to rule 5 of the Rules prescribed for these Services applies will be admitted if they were born not earlier than the 2nd August 1908.

(*b*) Candidates for the Transportation (Traffic) and Commercial Departments Examination must have been born not earlier than the 2nd August 1911, and not later than the 1st August 1915.

NOTIFICATIONS.

Darjeeling.—No. 8317E.A.—2nd June 1936.—In exercise of the power conferred by section 122 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), as modified in its application to the district of Darjeeling, the Governor in Council proposes to apply in the district of Darjeeling the municipal account rules and forms which were published with Government notification No. 6499M., dated the 21st November 1935, at pages 2095-2261, Part I of the *Calcutta Gazette* of the 28th November 1935.

2. Any objection or suggestion with regard to the proposal which may be received by the undersigned through the Deputy Commissioner of Darjeeling on or before the 10th July 1936 will be duly considered.

Darjeeling.—No 8377E'A.—5th June 1936.—In exercise of the power conferred by section 38 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Governor in Council is pleased to constitute the following areas of the Takdah Cantonment khasmahal lands in thana Rungli Rungliot in the district of Darjeeling, into a union :—

Name of the district board within whose jurisdiction the union is constituted.	Thana.	Name of union.	Number of members of which the union committee shall consist.	Areas which constitute the union with jurisdiction list number.
Darjeeling ..	Rungli Rungliot	Takdah ..	7	Building area .. } 23 Bazar area .. }

2. In exercise of the power conferred by section 41 of the said Act, the Governor in Council is pleased to direct that all the members of the said Takdah Union Committee shall be appointed by the Commissioner of the Rajshahi Division for the following reasons :—

Most of the residents at Takdah are non-permanent. To ensure that the local hillmen and those residents, who have a substantial stake in the future of the place, may have proper representation on the committee, it is deemed expedient that all the members be appointed in the first instance.

Darjeeling.—No. 8329E.A.—2nd June 1936.—In exercise of the powers conferred by section 29A(2) of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Governor in Council is pleased to re-appoint the Deputy Commissioner of Darjeeling to be the Chairman of the Darjeeling district board for a period of one year, with effect from the 8th May 1936.
